555 Johnson Street.

It is all right to talk about practicing what you preach, but doctors prescribe lots of things they don't have to take themselves. One thing they do prescribe for their patients and take lots of it themselves, too, is "White Rock," the delicious, cold, sparkling lithia water. Most physicians know that as a dilutant for whisky, wine or milk it is positively unrivalled. "White Rock" is the finest mineral water obtainable. While it is a trifle more expensive than other waters, it's well worth the slight difference in price because it is absolutely pure. This "best cold bottle of the day" may be procured at any hotel or restaurant.

DISREGARD OF TREATIES

Charge Laid Against Japan by Chinese Imperial Government

NEIGHBOR DEPENDS ON MILITARY STRENGTH

Conduct in Connection With Railway Attack on China's Rights

Washington, Aug. 12.—Emphatic complaint that China is suffering from a plain violation of treaty stipulations on the part of Japan is made in a statement to the state department today by the Chinese legation in reference to the Antung-Mukden railway dispute.

"It is a matter of surprise and regret, therefore, that Japan, relying on her military and naval superiority," the memorandum says, "ventures to override reason and disregard the provisions of the Peking convention."

"It is manifest," the statement continues, "that the object of Japan in contending for the reconstruction of the line is not for commercial, but for military and strategic reasons."

"China is already suffering much from the encroachment of the Japanese on her powers of sovereignty in the South Manchuria railway, in plain violation of treaty stipulations. With this lesson in mind, the Imperial government was determined that the question of railway guards and military police should be discussed as soon as the negotiations commenced. If Japan had assumed a reasonable attitude, the negotiations would have been long ago concluded."

"The Imperial government, convinced of its correct attitude, will resume negotiations with Japan in the same conciliatory spirit as before."

MINISTER WU RECALLED

Chinese Government Again Makes Change in Its Representative at Washington

Washington, Aug. 12.—Chinese Minister Wu Tingfang has been recalled from Washington and ordered to Peking for further assignment. His successor will be Chang Yin Tang, formerly charge d'affaires at Madrid, and now deputy vice-president of foreign affairs. Mr. Wu is now in Peru, to which country he is accredited along with the United States.

The announcement of the recall of Minister Wu came in a cablegram from the Chinese legation. This stated that an Imperial decree had been issued recalling Dr. Wu and naming Chang Yin Tang as his successor.

The recall surprised government circles here. Dr. Wu has been the accredited representative of China on the American continent since March, 1908, and during that time had done much toward adding to the reputation he established among the people generally during his first time as minister in America, 1897-1902, of being one of the most popular diplomats who ever came to Washington. His interest in American life made him a popular figure during his ministry. He became a convert to a vegetarian diet, and announced that he intended to live to be a hundred years of age. His sympathies with the United States during the Boxer trouble led to his first recall. It was supposed then that he was being recalled, but his government promptly informed him that such a course would be offensive to the United States.

Dr. Wu's successor, Chang Yin Tang, is known as a "progressive" in Chinese political affairs, and has seen diplomatic service in India, England, Thibet and the United States. He is regarded generally as a man of wide experience.

Mrs. Pankhurst Coming

London, Aug. 12.—Mrs. Pankhurst, the suffragette leader, will shortly take a trip to the United States, and will deliver a series of addresses in the large cities there.

New Bolivian President

La Paz, Bolivia, Aug. 12.—Eldorado Villazon was inaugurated as president of the republic of Bolivia this afternoon in succession to Irmali Montez. The trouble which was feared might accompany the change of executives did not materialize.

Governor Hughes Climbs Fast

New York, Aug. 12.—Word reached here tonight that Governor Hughes, of New York, left Banff, Alberta, for the east today. A special to the World says that Governor Hughes climbed the famous Sulphur mountain, 4,000 feet high, this morning, accompanied by a guide, in one hour and 43 minutes, breaking all records hitherto by Alpine climbers. He did not pause once.

Miser's Big Hoard

Pittsburg, Aug. 12.—By actual bank account at the Farmers' National bank here today it was found that Peter Leibauch, the aged German hermit, who was arrested for his queer actions, had hoarded in his shanty home in small change \$13,168, not including six bags of uncounted coins or bank deposits in eight north side savings institutions. It is thought that before the search is ended, Leibauch's fortune will total over \$30,000. Leibauch has posed as a candidate for election as a citizen of the north side, and has been making a miserable existence by selling herbs and mint to saloon keepers, who in turn partly fed him.

Aged Woman Burned

Schenectady, N.Y., Aug. 12.—While lighting a fire in a coal stove to cook dinner, Mrs. Joseph Brister received probably fatal burns by her apron catching fire from flames in a coal hod full of paper into which she threw the lighted match. The woman, who is 59 years old, was alone at the time of the accident.

Chief Kidnapper Arrested

Amoy, Aug. 12.—The operations of a band of kidnappers have been stopped by the arrest of its chief member. Their method was to frighten children from 8 to 12 years old by threats of death if they should make any outcry, and send them on board outgoing steamers. Accomplishes in other ports would sell the victims. The culprit apprehended is a city constable. He has been sentenced to death by strangulation and is now in the execution box.

Polluting Fraser River

New Westminster, Aug. 12.—A summons was served by the provincial police on a cuning company a short distance down the river for dumping offal in the Fraser river. The case will be tried before Captain Pittendrigh on Wednesday, August 18th. The law prohibiting the dumping of offal in the Fraser river is strict, it being prohibited both by the health and the fisheries acts. It is said that the will have the offal deposited and it is to avoid this contingency that this law was passed, as well as to safeguard the public health.

RIFLE SIGHTS

Attachment Used by Canadians at Bisley, Not to Be Allowed at Ottawa

Ottawa, Aug. 12.—When it was stated some days ago that the executive of the Dominion Rifle Association had decided to disallow the rear sight used on the Ross rifle at Bisley, denial was promptly forthcoming from the interested press. A member of the executive, however, said that the report was correct. He said that the sight in question was an auxiliary or peep sight, fitted to the bolt of the rifle. "To allow this sight," he said, "would be to discriminate against many of the marksmen, who will compete at this year's matches. Only a few of the competitors who have shot in the Bisley team and some in the city regiments have the new sights. Others would have been unable to obtain them, therefore, it was decided in order to have all marksmen compete on even terms to prohibit the use of this particular sight."

In answer to further questions he intimated that in his opinion the new back sight is not adapted for active service.

"How did the sight come to be used at Bisley then?"

"For the reason that at the recent Bisley meeting the M. R. A. council decided to permit the use of almost any adjunct to shooting for the purpose of experiment. We have the benefit of that experiment now without handicapping the majority of our competitors by permitting the use of a sight that is not available to all marksmen alike."

Killed By Train

Burlington, Vermont, Aug. 12.—Prof. Wilhelm Bernhardt, 60, Washington, D. C., a well-known educator and author, was struck and killed by a train on the Rutland Railroad here today. Prof. Bernhardt was about 60 years old, and for many years was director of German in the Washington high schools.

CAR RUNS AWAY ON LONG HILL

Plunges Into Burrard Inlet and Several Passengers Are Injured

Vancouver, Aug. 12.—At four o'clock this afternoon, car number 62, on the Lonsdale avenue line of the North Vancouver system of the British Columbia Electric Railway Co., ran away down the big hill leading to the wharf, and running past the usual stopping point, tore through the gate and plunged into the bay. Twelve passengers were aboard. Several of them were cut about their legs, bodies and faces, but none seriously injured.

The injured are: Mrs. Arnold E. Kealy, North Vancouver; J. H. Mulvey, principal of the North Vancouver school; his wife and daughter; Mrs. C. T. Tuble, 1047 Barclay street, Vancouver, and child.

Mrs. Mulvey was cut about the forehead and legs, and was removed to the North Vancouver hospital. Her daughter, Margery, was also slightly hurt. Mrs. Tuble and her child were not injured, though they were badly shaken up.

The car was in charge of Conductor W. D. Jones, and J. Kelly was motorman. While the runaway car was tearing along between First and Second streets, Kelly jumped. He fell on his head and was picked up unconscious. Conductor Jones stayed with his car and he was instrumental in preventing many of the passengers, the majority of whom were women, from jumping. When the car plunged over the bank into the inlet it went down in about six feet of water at the outer end. It turned over on its side and was badly wrecked.

Rear Admiral Thompson Dead

Seattle, Aug. 12.—Rear Admiral Joshua Thompson, U. S. N., retired, died at Providence hospital today after a long illness, aged 67 years.

Drawing for Flathead Lands

Coeur d'Alene, Idaho, Aug. 12.—Two thousand names were drawn today for the lands in the Flathead Indian reservation, and Jos. Furay, of Warsaw, Indiana, was the winner of lucky number one. The first woman to win was Eleanor McLean, of Missoula, Mont., who stated in her application that she was 70 years old.

Aviator Curtiss

Paris, Aug. 12.—Glenn H. Curtiss, the American aviator, arrived here today, but proceeded immediately for Rheims, where he will represent the Aero Club of America in the international aviation cup races on August 28th. Mr. Curtiss is carrying his aeroplane as "personal baggage," and tomorrow on his arrival at Rheims will set up the machine preparatory to making practice flights. After the Rheims meeting Mr. Curtiss will proceed to Brescia, Italy, to take part in the aeroplane races there.

Sovereign Great Priory

Halifax, N. S., Aug. 12.—At the twenty-sixth annual assembly of the Sovereign Great Priory of Canada, Knights Templar, held at Truro, officers were elected as follows: Supreme grand master, W. P. Ryrie, Toronto; grand constable, John W. Logan, Truro; grand marshal, Allen Austin, Montreal; grand chancellor, W. H. Whyte, Montreal; grand treasurer, C. F. Mansell, Toronto. The members of the Sovereign Great Priory came to Halifax today, and were entertained by the Nova Scotia preceptory of the Knights Templar.

Aerodrome Experiments

Petownawa Camp, Aug. 12.—Canada's flying machine, Baddeck No. 1, aerodrome, with John D. McCurdy at the wheel, made her first ascent from the group's this afternoon at 5:15. The ascent was neither a high nor a long one, being only a rise of ten feet and a hop of a hundred feet in length. At 5:55 this aerodrome, Baddeck No. 1, was taken out of her shed. This time Mr. McCurdy announced that he would only make a short hop.

WILL FIGHT WITH GREECE

Turkey's Attitude Distinctly Warlike, According to Correspondents

SALONIKA FORCES READY FOR BATTLE

Ministers at Constantinople Insisting on War as Only Solution

Constantinople, Aug. 12.—The Porte has decided to address a more energetic note to Greece, in which it will be stated that Greece's reply to the Turkish ambassador concerning Crete is unsatisfactory.

Ready for War

Berlin, Aug. 12.—The Constantinople correspondent of the Tagblatt says that Turkey's answer to the Greek note will have the character of an ultimatum. He adds that the opinion now is that war between Turkey and Greece is unavoidable, and that an outbreak is near at hand. The forces around Salonika, the correspondent declares, are ready for war.

All Talk of Fighting

London, Aug. 12.—The Daily Telegraph's Constantinople correspondent declares it is difficult to discover the influence under which the Turkish Government is working, but that in military quarters the talk is wholly of war with Greece. It is asserted that the ministers of war and marine insist that war is the only possible solution of the difficulty.

SHERIFF REBELS

Pressed Steel Car Company Must Do Its Own Evicting—Man Killed in Riot

Pittsburg, Pa., Aug. 12.—The sheriff of Allegheny county late today flatly refused to continue the work of evicting strikers and their families from houses owned by the Pressed Steel Car company at McKee's Rocks. Acting under court orders, the sheriff and his deputies early in the afternoon began the work of conveying the goods from the strikers' homes to the streets. The sheriff asked the Pressed Steel Car company to give men to carry out the furniture and household effects, but the company, it was said, refused.

"Then I will not allow any deputies to carry out another piece of furniture," declared the sheriff. He then formally and verbally turned over to the superintendent of the plant possession of the houses. The Pressed Steel Car company will now be forced to carry out their own evictions.

Rioting, during which a foreigner was shot and killed, caused intense excitement in the Schoonville strike scene today. Major Smith, a negro, said to be employed at the car plant as a strike breaker, early this morning shot and killed Steven Horval, one of the striking workmen. Smith, it is said, was attacked by several foreigners, and he declares tonight that he shot in self-defence.

MANY JOINED IN STOCK THEFT

Arrests in New York Likely to Be Followed by Strange Revelations

New York, Aug. 12.—There was a new arrest today, in addition to the complex and surprising one of Donald Persch, the young broker, who is charged with the larceny of \$11,000 worth of copper stocks put up as collateral with the Windsor Trust company to secure a loan of \$5,000 made to M. Joyce, a broker for Augustus Heinze, W. Clarke, another note broker, but representing Joyce, who is the complainant against Persch, was arrested in the district attorney's office, charged with the larceny of \$10,000 said to be part profits from the curb sale of the stock which Joyce supposed to be safe in the vaults of the Windsor Trust, when he was astonished to find that the shares back in the open market. Clarke was released on \$21,000 bail.

Earlier in the day Persch, after being freed on a writ of habeas corpus, was promptly re-arrested, charged this time with the specific larceny of \$44,000 which the district attorney's office sets as his share of the profits of the alleged swindle. Bail was this time fixed at \$50,000, which Persch failed to secure. Persch's counsel was indignant at his re-arrest.

"This is the most remarkable case I have ever heard of," he said. "I intend to open up the flood gates, and will see that several men are swept away, if I find it necessary to save this boy. He has been the tool for men higher up."

This statement agrees with that of Mr. Nott, of the district attorney's office, who has said plainly that he expected to uncover a widespread conspiracy to sell hypothecated stocks here and in other cities.

MOORS WEARY OF HOSTILITIES

Delegation Goes to Tangier to Seek Peace—Positions Are Bomarded

Tangier, Morocco, Aug. 12.—Two delegates from the Rif tribesmen who are opposing the Spaniards in front of Melilla have arrived here from that place, and it is understood that their mission is to consult with the Spanish legation and the Moroccan government, in the matter of arranging conditions of peace. The tribesmen left Melilla with the permission of General Marlin, the commander of the Spanish forces in Morocco.

Penon de la Gomeria, Morocco, Aug. 12.—The Moors who yesterday were firing on the Spanish garrison here have been driven by artillery fire to the distant hills. The bombardment of their present position is being continued.

WILL FIGHT WITH GREECE

Turkey's Attitude Distinctly Warlike, According to Correspondents

SALONIKA FORCES READY FOR BATTLE

Ministers at Constantinople Insisting on War as Only Solution

Constantinople, Aug. 12.—The Porte has decided to address a more energetic note to Greece, in which it will be stated that Greece's reply to the Turkish ambassador concerning Crete is unsatisfactory.

Ready for War

Berlin, Aug. 12.—The Constantinople correspondent of the Tagblatt says that Turkey's answer to the Greek note will have the character of an ultimatum. He adds that the opinion now is that war between Turkey and Greece is unavoidable, and that an outbreak is near at hand. The forces around Salonika, the correspondent declares, are ready for war.

It is asserted that the ministers of war and marine insist that war is the only possible solution of the difficulty.

FORESTERS' RE-UNION

Event at Nanaimo Tomorrow Promises to Be Successful—Arrangements Well Advanced

Nanaimo, Aug. 12.—The annual reunion of British Columbia Foresters to be held here on Saturday promises to be a huge success from every point of view. The committee who have charge of the celebration have been working hard, and arrangements have now been completed.

The coal mines are to be idle for the day, thus affording the miners a chance to participate in the celebration.

The day's proceedings are to commence with a parade. There will be two bands in attendance. The parade will pass through the principal streets and finally land up at the cricket field, where field sports are to be held. A strong athletic programme has been prepared. There will be a large representation of the best runners and jumpers from various parts of the province. Bayliss, the island champion five mile runner, will be among those coming to compete in the various races. The programme is a long and varied one, and the prizes to be awarded for the various events, which are now on exhibition, are judging from their appearance, well worth competing for.

There is to be an excursion from Vancouver, and according to reports the steamer will carry a full complement. It is said that had transportation been available there would have been 1,500 visitors from the mainland, but as it was only possible to secure one steamer it will doubtless be crowded to its capacity. A large crowd is also expected from Victoria and way stations. With every prospect of fine weather the reunion, which will be brought to a close with a big dance, should prove a big success.

VIOLENCE AT FORT WILLIAM

Several Men Wounded in Battle of C. P. R. Specials and Dock Strikers

MEMBERS OF MOB CARRY REVOLVERS

More Trouble Feared on Account of Strikers Being Well Armed

Fort William, Ont., Aug. 12.—A battle royal occurred shortly after 11 o'clock this forenoon between C. P. R. specials and the dock laborers, who have been on strike for the last few days. Eight men were wounded, some seriously, and for a time shots were flying thick and fast.

The C. P. R. specials went over to the C. P. R. boarding house for dinner, and the strikers refused to allow them to return to their posts. One of the specials pulled a gun, and in place of sticks with which the strikers were armed, guns appeared by magic. The specials fired, and a man dropped.

In a second the noise and confusion was indescribable, men running about and bullets whistling all around. There were several hundred strikers, and the majority had guns.

As far as could be ascertained the men wounded were: Sergt. Taylor, of the city police, slightly injured; C. N. Dickenson, Times-Journal reporter, slightly.

C. F. Ball, of the C. P. R. police, seriously.

Constable Carpenter, knee smashed, and another C. P. R. constable was wounded.

Two Greeks, names unknown, were wounded, one seriously, and Jack Lake, a butcher, also slightly injured. The militia was called out and the riot act read. No further trouble has occurred up to tonight, but the excitement is intense, and the strikers well armed. It is hard to tell what may happen during the night. It is understood that the company arranged a settlement with the men, but while the negotiations were in progress with the leaders the strikers cured. The company will now probably make a fight to a finish.

Military Sent

Winnipeg, Aug. 12.—Orders were received from Ottawa this afternoon to send the Royal Canadian Mounted Rifles, the permanent force stationed at Winnipeg, to the scene of the trouble at Fort William, and one hundred men left by special train at 6 this evening under command of Major Macdonnell.

SUSPECT ARRESTED

Greek Farm Hand Who Is Supposed to Have Murdered Annie Schumacher

Rochester, N. Y., Aug. 12.—Circumstances are somewhat against Edward Ewaldt, a Greek farm hand, a former employee of the Holy Sepulchre cemetery, who was arrested at his brother's home in North Rose late this afternoon, and brought to the Monroe county jail tonight, suspected of being the murderer of Annie Schumacher.

Ewaldt has scratches on his face, and it is said that he has told contradictory stories of his movements. He left his job at Barnard's, near the cemetery on Saturday afternoon, and he maintained that he went at once to his brother's home. His brother corroborates this statement, but the police say they have a witness who will testify that Ewaldt was seen later on Saturday afternoon than the time he said he left Greece, and also that he was seen here on Sunday and Monday.

It is also charged against Ewaldt that he was in the habit of attacking women in the street, and that his reputation is not good.

THAW LOSES

Justice Mills Decides That He Is Still Paranoiac and Must Be Kept in Asylum

White Plains, Aug. 12.—Harry K. Thaw's latest attempt to gain his liberty ended in complete failure today, when Supreme Court Justice Isaac N. Mills dismissed the writ of habeas corpus and declared that the release of the petitioner would be dangerous to the public safety. An order sending Thaw back to Matteawan will be signed, it is said, by Justice Mills tomorrow.

There is no word of comfort for Thaw in the seven thousand words opinion handed down by Justice Mills today. All the contentions of his old adversary, District Attorney Jerome, are supported. It is declared that Thaw is still insane, is still suffering from persistent delusions, and is still as much a paranoiac as was on the day he shot Stanford White.

The order for Thaw's commitment will be presented to Justice Mills tomorrow morning by Deputy Attorney General E. P. Prentice, and Attorney Morschauer will then have a chance to oppose it or strike for a modification. Such action, however, will, it is believed, be purely formal, in view of the decisive nature of the opinion handed down today.

WILL AVERT STRIKE

Chicago Street Car Companies Make Satisfactory Wage Concession to Carmen

Chicago, Aug. 12.—The critical point in the dispute between the officials of the street railway lines of Chicago and the ten thousand employees was passed today. By the offer of a maximum scale of thirty cents an hour to be paid by August 1, 1911, which was made by President John M. Roach, of the North and West side lines, and the prompt acceptance of the same by President Wm. Guilford, of the North and West side carmen's union, all possibility of a strike appears to be over.

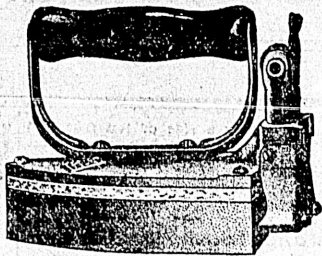

Canadian Route Scores

Montreal, Aug. 12.—Two English mails delivered at the Montreal post office via Canadian liners within a week makes a new record. Last Thursday night the mails which left Liverpool at 6 o'clock last Friday by the Empress of Britain were received at the local post office at 7:15, and tonight the mails from the Victorian, of the Allan line, got here at 9:30 by train from Rimouski. The Victorian, left Liverpool at 6 o'clock last Friday evening, so that a letter posted in London at noon last Friday is here tonight, and will be delivered tomorrow. The Toronto and Western Ontario mails were sorted in time to catch connections this evening. The New York steamer which left at the same time has not yet been sighted off Sandy Hook.

Use a Hot Point Electric Iron

Expense about 3c. per hour. No waiting. No time wasted running from stove to board. No hot kitchen. May be used anywhere even on the porch if there is a light socket. No soot, smoke or dust. See this best of all irons here in operation.

ANNOUNCE RESULT OF EXAMINATIONS

Teachers' and High School
Tests for 1909 Made Public
Last Evening

The result of the teachers' and high school examinations were made public last evening. The annual examination of candidates for certificates of qualification to teach in the public schools of the province began on July 5th, 1909 and was held simultaneously in Armstrong, Chilliwack, Cumberland, Enderby, Golden, Grand Forks, Kamloops, Kaslo, Kelowna, Ladysmith, Nanaimo, Nelson, New Westminster, Revelstoke, Rossland, Vancouver, Vernon, and Victoria.

The examiners appointed to act with the superintendent of education were: W. P. Argue, B. A., J. W. Church, M. A., J. K. Henry, B. A., Edward Paul, M. A., Lemuel Robertson, M. A., E. Robinson, B. A., S. J. Willis, B. A., and David Wilson, B. A.

The results are as follows:

ACADEMIC CERTIFICATES

(Names in alphabetical order.)
Emily Anderson, B. A., University of Manitoba; Mary C. Anderson, B. A., University of Manitoba.
Charles T. Baillie, B. A., Dalhousie University; Hallfast Allan Bowles, B. A., University of Toronto.
Catherine G. Campbell, B. A., University of Toronto; Donald W. Campbell, B. A., McMaster University of Toronto; Eugene Challen, B. A., McMaster University, Toronto; Annie S. Clark, B. A., University of Acadia College, Nova Scotia; Robert J. Clegg, B. A., University of Toronto; Lorne Code, B. Sc., Queen's University, Kingston; Stewart W. Code, B. A., Queen's University, Kingston; Mrs. Florence A. Coombes, B. A., Dalhousie University, Halifax; Lee J. Cranston, B. A., University of Manitoba.
Edward G. Daniels, B. A., University of Acadia College, Nova Scotia; Archibald J. W. Dodds, B. A., University of Cambridge.

Percy H. Elliott, M. Sc., McGill University, Montreal.
George V. Ellis, B. A., University of Manitoba; E. Raymond Freeman, B. A., University of Manitoba.
William G. Gamble; Joseph Goodfellow, B. A., Queen's University, Kingston.

George K. Haverstock, B. A., University of Acadia College, Nova Scotia; F. Mabel S. Howard, B. A., University of Manitoba; William H. Hutchinson, University of Acadia College, Nova Scotia; James H. Hutchison, B. A., Queen's University, Kingston.

Helena C. Kierstead, B. A., University of Acadia College, Nova Scotia.
Elizabeth J. Maycock, B. A., Dalhousie University, Halifax; Aubrey N. S. Millman, M. A., University of Oxford; Charles B. Mooney, B. A., Laval University, Quebec; Grace G. T. Muir, Oxford University.

Bertha N. North, B. A., University of Acadia College, Nova Scotia.
Eva L. Peck, B. A., University of Acadia College, Nova Scotia; Robert G. Pemberton, M. A., University of Cambridge; Nora Philip; James Porter, B. E., Royal University of Ireland; Elmer W. Reid, B. A., University of Acadia College, Nova Scotia; Annie H. Ross, B. A., University of New Brunswick; Alfred Ross, B. A., McMaster University, Toronto.

Athol W. Seaman, B. A., Dalhousie University, Halifax; Harold I. Spurr, B. A., University of Acadia College, Nova Scotia; Edith B. Sterns, B. A., University of Acadia College, Nova Scotia; Clara M. Sterns, B. A., University of Acadia College, Nova Scotia; Kyle C. F. S. Symons, M. A., University of Oxford.

Mabel R. Van Sickle, B. A., McMaster University, Toronto.
James A. Wattle, M. A., Aberdeen University, Scotland; Thomas W. Woodhead, Victor Woodworth, B. A., University of Acadia College, Nova Scotia.

1ST CLASS CERTIFICATES
Etta B. Andrews, Walter Auld, Pearl Babbitt, Percy M. Baldwin, Mabel K. Burchill.

Mrs. Lucy A. Carter, Alice Christie, Clyde C. Chute, Mary Clements, Lottie A. Coates, Josephine A. Cole.

Eva J. Dyer.

HIGH SCHOOL EXAMS.
The results of the High School examinations held recently throughout the province have been announced by the department of education. Examinations were held at the following centres:

	Number of candidates.	Passed.
Armstrong	35	17
Chilliwack	20	10
Cumbyland	10	5
Enderby	10	5
Golden	10	5
Grand Forks	10	5
Kamloops	17	9
Kaslo	13	10
Kelowna	32	17
Ladysmith	13	7
Nanaimo	20	27
Nelson	62	24
New Westminster	37	60
Revelstoke	21	21
Rossland	15	11
Vancouver	439	262
Vernon	194	150
Victoria	1019	653

	Number of candidates.	Passed.
Grade		
Senior Academic	4	3
Senior	6	4
Intermediate	18	10
Junior, advanced	247	206
Junior, full course	150	96
Junior, applied science	5	3
Junior, preliminary course	529	293
Commercial, advanced course	17	13
Commercial, preliminary course	43	25

Total 1019 653

Armstrong Centre.
Advanced course, junior grade; maximum marks, 1,000. Number of candidates, 7; passed, 5.

Norman G. Watson, 708; Helen P. Fraser, 632; Elizabeth G. Hartwell, 572; James R. Fowler, 571; Grace B. Brett, 539.

Full course, junior grade; maximum marks, 1,200. Number of candidates, 8; passed, 3.

Bertha T. Ball, 688; Annie E. Lever, 663; Benjamin H. Harry, 564.

Chilliwack Centre.
Advanced course, junior grade; maximum marks, 1,000; number of candidates, 7; passed, 3.

643 FORT STREET.

To Fly Like a Bird

Los Angeles, Aug. 12.—Professor H. L. Twining, head of the department of physics and electrical engineering in the Los Angeles Polytechnic High School, began his aerial experience today with an ornithopter, a flying machine with 75-foot wings designed to operate like those of an eagle. Prof. Twining has been studying bird flight for 20 years and feels confident that

his ornithopter will demonstrate the correctness of the principles he has evolved. The flying machine has no motor. Instead Prof. Twining has devised a system of levers to be operated with hands and feet.

The most interesting topic of the Summit, Crow's Nest district, at present is in connection with the capture of an especially fine mountain lion by Andy Good.

DROWNED WITHIN BROTHER'S SIGHT

News Received by Provincial Police of Tragedy in North

With his brother within but a few feet of where he sank, Frederick Ash, employed as fisherman by the Klidala Cannery, Rivers Inlet, was drowned about noon on August 5. The report of the man's death was received yesterday by Superintendent Hussey, of the Provincial police department. The two brothers, Fred and James Ash, were out in their fishing boat and were lying in Big Bay. James left in a small boat to go along the net, leaving the other behind to cook dinner. When but a few feet away from the boat, James heard a shout and the sound of a splash. Looking around he saw his brother sink beneath the water. He rowed back as fast as he could, but Fred never rose to the surface. The report to Superintendent Hussey states that evidently Fred was leaning over the edge of the boat to wash some utensils when he fell forward into the water. The deceased's home was in Vancouver, where he lived on Alexander street.

SOCIAL AND PERSONAL

Hon. Edgar Dewdney left yesterday afternoon for Seattle on a short trip.

Mrs. M. P. Craig, of Nanaimo, is a guest of friends here.

Miss Jessie McKilligan is visiting the A.-Y.-P. E. for a few days.

Mrs. Freeman, of Calgary, is spending a fortnight's holiday on the Coast.

Mr. and Mrs. Ballantyne and Miss Hartnagle came over from Vancouver yesterday.

Mrs. H. P. Gray and children left yesterday afternoon via the Northern Pacific on a visit to Oaklands, Cal.

W. J. Vancouver left yesterday via the Northern Pacific on an extended trip to St. Paul and Winnipeg.

J. Drake leaves today via the Northern Pacific on a business trip to Los Angeles.

The Misses Dunsmuir went over to Vancouver last evening on the Charmer.

Thomas Hooper, architect, went over to Vancouver last night on the Charmer.

D. R. Ker left last night on the Charmer on a business trip to Vancouver.

Mrs. G. Fred Wright leaves today on the steamer Maranda for her home in Honolulu, after a three months' visit with Mrs. Fred Hall, Jr.

Mrs. J. D. Gordon and her son, who have been visiting the A. Y. P. Exposition, have returned after spending a delightful time.

Mr. and Mrs. Emery, of Fernwood road, returned yesterday after a delightful trip to Banff. They returned by the Crow's Nest route.

J. S. Floyd, clerk of the municipality of Oak Bay, will leave tomorrow on a trip to the Old Country. He will sail on the Victorian from Montreal.

Among the passengers on the Charmer last night for Vancouver were C. M. Rolston, C. R. Bourne, Miss Davy, S. C. Johnson, S. P. Tuck.

Dr. Ernest Hall and B. H. West leave this evening via the C. P. R. on a three months' trip to the Old Country. They will sail on the Hesperian from Montreal.

Mr. Herbert Macklin, of Simon Leiser & Co., Ltd., was a passenger on the steamer Amur bound for Queen Charlotte Islands on a business trip in connection with his firm.

At the First Presbyterian church manse, the Rev. Dr. Campbell, yesterday afternoon, celebrated the marriage of Elva Harburg and Edwin Carlson, both of Seattle.

Miss Shulters, of New York, membership secretary of the League for Political Education for Women, spent the week end in town, leaving on Monday evening's boat for Seattle.

Miss Laura P. Cristman, of Chicago, who took the Alaska trip, left last night for Portland. Miss Cristman was so delighted with her peep at Victoria that she will return and spend a week at "The Hollies."

Miss Marjorie McMurchy, of Toronto, sister of Dr. Helen McMurchy, is holidaying at Banff, and will arrive in Victoria shortly. Miss McMurchy is president of the Woman's Press Association of Canada, and has charge of the woman's department on the Toronto News.

Mr. and Mrs. W. H. Birks, of Montreal, accompanied by their two sons, are guests at the Empress hotel. Mr. Birks is a member of the big jewelry firm of Montreal, which also has branches at Winnipeg and Vancouver, and is one of the largest establishments of its kind on the American continent.

Anti-Tuberculosis Auxiliary.

There will be a general meeting of the auxiliary anti-tuberculosis society at eleven o'clock this morning at "Aloha," Douglas street, the residence of Mrs. Beauchamp Tye. As important business is to be discussed regarding the disposal of funds in hand, it is hoped that there will be a large attendance.

Pantages Animal Show

Leon Morris & Co.'s combined attraction, the Temple City Quartette, Jay Paige, Majorie Clark and the regular Pantages features continue to delight the large audiences that literally crowd the theatre both afternoon and night. Two matinees will be given Saturday-afternoon, the first beginning at 2 o'clock, with the Saturday-night shows running continuously from 7 o'clock. Another monster vaudeville show is announced for next week, headed by the world's greatest Scottish dancers.

Moral of a Joy Ride

The next time that Charles Wilson, a husky individual from Wrangell, indulges in a joy ride, he will eschew strong drink and leave the fair sex behind. Charles, on his arrival here en route to Toronto, had too much money on his person, and accordingly started in to spend some of it. An auto and two females completed the scenic effects. Next day the man sought the aid of the police, claiming that he had been struck over the head with a champagne bottle and robbed of his coin. Charles was even at the time of his complaint much the worse for wear. A search of his clothing by the police resulted in a considerable amount of money being found, and a little investigation showed that the money missing would not have more than paid for the riotous time which he and the women had. He was advised to continue on his journey to the East.

OBITUARY NOTICE

Barber

The funeral of John James Barber will take place this afternoon at 2:30 o'clock from the family residence, Walnut street. Interment will be made at the Ross Bay cemetery.

Mouat

The death occurred at Ganges, Salt Spring Island, on Thursday morning, of Laurence Mouat, at the age of 18 years. No details of his death have reached the city as yet. The funeral arrangements are being conducted by the B. C. Funeral Furnishing Co.

Pearson

The funeral of the late Mrs. Mary Anne Pearson, who died at her residence, Lyttel Cottage, 51 South Turner street, yesterday morning, will take place tomorrow. Services will be conducted at the residence at 3 p. m. and at St. John's church at 3:30 p. m.

The late Mrs. Pearson, who had suffered for a considerable period, was 75 years of age, and had been born at Stockport, Eng. Coming to British Columbia thirty years ago, with her husband, the late James Pearson, who died in 1901, she resided in Lytton for over 20 years. During the last eight years, following her husband's decease, she has lived in this city.

She is survived by three sisters in England, a sister-in-law, Mrs. Crossley, and a brother-in-law, E. Pearson, of this city.

EXPERT SAFE-BLOWERS OPERATE AT FERNIE

Fernie, Aug. 12.—Burglars broke into the Great Northern station office here early this morning, blew open the safe with glycerine and securing the contents, consisting of \$32 in silver and an express package containing over \$200 in currency and checks, made good their escape. The office had not been disturbed at 3 a. m. when a freight train in charge of Conductor Powers passed north, but when the baggageman, Westby, went to open the office had been broken into and the office had been broken into and at once notified the city police, who arrived on the scene soon after. As yet no traces of the burglars have been discovered. The deed was evidently the act of experts as everything seemed to have been well planned and executed.

VISITING RAILWAY MEN.

The forthcoming visit of the chiefs of the Grand Trunk Pacific to British Columbia may easily prove an incident of much importance. The enterprise which they have in hand was launched under somewhat peculiar circumstances. By this we do not mean anything derogatory to the original project, which we believe will prove of immense value to Canada, but only that it was planned without much study being given to the geographical and other conditions existing in the western province of the Dominion from which a very large share of its business must be drawn. The company was committed to a route to a northern port without anyone having taken into consideration whether that was the best port from a commercial point of view that could be selected. There was no general recognition of the situation, not even as much as there was in the case of the Canadian Pacific. Indeed we, perhaps, do not say too much when we say that the British Columbia end of the line was regarded somewhat in the light of a necessary evil, as a piece of road to be built, because Sir Wilfrid Laurier would not consent to give government assistance to a line over the prairies, unless it was extended all the way to the Coast. Our recollection of the debate on the resolutions providing for the subsidies does not recall any suggestion made by anyone as to the eastbound traffic that could be developed in this province, and certainly nothing in which the advantage of one terminus over another was spoken of in connection with such traffic. Of the shortest way from the Atlantic to the Orient we heard much; of the shortest way from the great sources of eastbound freight to the markets that will consume it, we heard very little. We think it may be assumed that Sir Charles Rivers-Wilson and his associates will give the latter aspect of the case a good deal more consideration in the future than it has received in the past. This is not the time to present what views we may have on that point for the attention of the visiting railway men. They will not be in the city today. Our object in speaking of the matter now is to emphasize the opinion that the next few months are likely to be somewhat critical in the development of railway policies in British Columbia, and to add that the people of Victoria and Vancouver Island are very deeply concerned in what will eventuate.

"ALL FOR CHINA"

The cadets of the new Chinese school, who went down to the wharf to say good-bye to the Chinese Consul-General, wore buttons bearing the words, "All for China." This seems worth thinking over. The other day we raised a question as to the future status of children of Chinese parentage born in Canada. Does this button answer it? Are we developing in this country youths, whose ambitions will be "all for China"? If so, we need not disturb ourselves as to where their field of activity will lie. The ancient land, from which their parents came, will soon call them with a voice, that they cannot resist. If the sentiment expressed on the buttons really animates them, it is possible that out of Canada may go young men, who will play a part of immense importance in the regeneration of China. It is known that hundreds of Japanese have gone abroad and many are constantly going to learn the mysteries of Occidental civilization at first hand. Many of these are of families of high social position in their own country, and they engage in tasks in foreign lands that they would scorn to undertake at home. China is a much more democratic country than Japan. An Englishman, who had lived in China for twenty years, once told the Colonist that it was the most democratic country in the world. Birth has nothing to do with progress there in any department of activity. In Japan there is a powerful hereditary class of nobles, which yet dominates the country. The clever lads, who attend the Victoria school, will find an open door for them in China, if they ever wish to go to that country. We have sometimes wondered why, if it was the expectation of our Chinese residents that their children would always remain in this country, they should go to the expense of educating them in Chinese. We supposed that, with their natural adaptability, they would seek to conform to the ways of the land of their adoption, and bring up their families with an English education exclusively. But they are not taking this course. An educated young Chinaman will leave school in Victoria

versed not only in English, but also in Chinese. In the minds of such youths, the sentiment, "All for China," may mean much. We are convinced that there is one thing which it does not imply, and that is hostility to Canada. The subject is an interesting one. Are there growing up around us boys and girls, who when they come to maturity will preach the gospel of progress to the most ancient of the Empires?

A MATTER OF DOLLARS

It is said that there will be 180,000 settlers from the United States entering the Prairie Provinces this year. Perhaps this means 36,000 families. One estimate says that these settlers average \$2000 a family. Let us take off the extra \$2,000,000, which this would make, and say \$70,000,000 for the whole of them and the European immigrants. If you think this is too much you can make a general reduction on the grand total that will be given later on, so as to provide for any doubts you may feel. One estimate, that of Mr. D. D. Mann, is that there will be a wheat crop of 140,000,000 bushels, worth, let us say for the sake of round numbers, \$140,000,000. Suppose we say that the rest of the grain crop is worth half this amount, or \$70,000,000. We will have to guess at the value of the cattle, horses that will be sold from that part of the country. Suppose we say \$20,000,000. It is not easy to say how much the railway companies will expend, but if it does not reach \$20,000,000 we shall be surprised. Suppose we say that other people, investors, speculators, and the like will take \$10,000,000 into those three provinces this year. We do not think the estimate high enough in view of the way towns are being built up and town lots are finding buyers, but will let it go at that. Now what does this come to:

Settlers	\$70,000,000
Wheat	140,000,000
Other grain	70,000,000
Live stock	20,000,000
Railways	20,000,000
Investors, etc. . . .	10,000,000
	\$330,000,000

We have been told of an estimate which puts the grand total at \$400,000,000, but suppose we cut this down to \$300,000,000 or even less to allow for over estimates—you can make make your own estimates just as we can make ours—and you will have in any case a grand total, that, distributed among the million or so of people living in the three prairie provinces, will give a per capita amount calculated to set one thinking what it means for the whole country.

This is the general basis upon which we venture to predict for Canada, and especially western Canada, a year of unprecedented prosperity. This vast amount of wealth will fill the prairies to overflowing, and some of the overflow will certainly come our way.

"Vancouver, the prosperous capital of British Columbia," says the last number of Harnsworth's History of the World. This is an example of history as she is wrote.

"Mike Hennesy" won at the Willows yesterday. This is peculiarly appropriate to the anniversary of the relief of Derry. Thus does "the whirligig of time bring about its avenges."

Victoria West is our local Schleswig-Holstein, so prolific is it of difficult questions. Of the S.-H. problem it was said that only one diplomat in Europe ever understood it, and the knowledge killed him.

Apparently Turkey and Greece are not going to come to blows over Crete. There will be some disappointed people, especially among those newspapers which have been foretelling immediate war.

Strikes seem epidemic just now. If someone would undertake to compile a statement showing the economic advantages to any one of strikes, and compare them to the economic disadvantages, he would confer a favor on a good many people.

Now that Thaw has been sent back to confinement, will not his counsel kindly allow the world to forget that there is such a person? He may or may not be insane, but if this trial and retrial business keeps on, all the rest of us will be.

Little hope is entertained of the recovery of the ex-Sultan Abdul Hamid. Mighty little hope was entertained of his living from the very day he was deposed. A deposed Sultan of Turkey is hardly an insurable risk. If it is not angina pectoris that takes him off, it is something quite as certain.

One of our contemporaries says that there seems to be a general sentiment in favor of going ahead with the Esquimalt Water Works proposition. We hope it is right. Our contemporary gave a very admirable synopsis of the result of the acquisition of that plant, and we hope it will from now on keep the matter well to the front.

A writer in "Canada" deplores the manner in which the great question of Imperial Defence is being used for party purposes in the Dominion. There is really not as much of this as our English contemporary seems to think. A few leading papers are using it in that way, but our reading of our exchanges indicates to our mind that the people of the country as a whole are taking an exceedingly sane view of the question. There are certain papers, so obsessed with political partisanship, that the only reason why they do not make human salvation a political issue is that no particular party has declared itself in favor thereof.

We have not yet received sufficient information on which to base an opinion in regard to the proposal to put the telephone wire underground, but

hope that some way will be found whereby such a desirable consummation can be reached. If the request of the company is at all reasonable, it ought to be complied with; but of course we cannot at present say anything on that point. All we can say is that the general proposition ought to commend itself to every one. On the other hand, the company must not expect much. As its manager says, it is as much interested in Victoria as any other business concern. Therefore it is interested in everything that will make Victoria a desirable place to live in.

The ratepayers are to vote on two important bylaws in two weeks from yesterday, and yet there is very little discussion about them. This is not right. Matters of such importance ought to receive greater attention at the hands of the public. If a provincial election were coming on in two weeks, the whole town would be turned upside down, and yet the result of the contest would, so far as the people to be elected were concerned, be only a matter of four years. Here are two bylaws which will have a very great bearing upon the welfare of the city for its whole future, and yet one hardly hears a word said on the subject one way or another. This is not a healthy state of affairs.

Have you noticed the remarkable number of brilliant meteors to be seen in the northeastern sky just now? They are a part of the regular August shower, but this year they have been notable for their large size. The difficulty about observing a meteor is that it comes and goes so quickly that even if you are told to look at it, the chances are that it will be gone before you have had time to turn your gaze to the quarter of the sky where it was. Most of the large meteors have very little train. On Wednesday evening, before twilight had faded, a splendid meteor flashed into sight and instantly disappeared. It must have been exceedingly brilliant to have been visible in a sky from which daylight had not wholly faded. It looked like the glowing mantle of a lamp, and it was of large size. One observer reported seeing last week what looked like a group of small stars, larger than the moon at the full, flash into sight and disappear. Probably it was an exploding meteor. As the observer was relating the incident a large and very beautiful meteor, oval in shape and of clear white light, flashed out only to disappear in less than a second. To those who care to look for meteors, we may say that the most brilliant of them have been seen in the northeast. Find the Dipper; stand so that it will be over your left shoulder and then look straight ahead to a point about half way from the horizon to the zenith. You will be more likely to see meteors in that part of the sky just now than in any other.

Coller's effort to create a national anthem for Canada can hardly as yet be called a success. But what else could one expect? National anthems are born, not made to order. Laval's fine air is growing in popularity, and by and by everybody will know it. By and by, also, some one will fit words to it. But there is no hurry about it. The people of the United States have been trying to make a national anthem for the last century, and a quarter, and the other day a distinguished military authority said at the A.-Y.-P. Exposition that the only air that was officially recognized was the "Red, White and Blue," which as every one knows is only an English song with the word Britannia changed to Columbia. And Columbia isn't the name of the United States anyway. Coller's prize was awarded to Mrs. Emma Powell McCulloch. We print the words of her poem on this page. They are very good in their way; but their way is not one that seems likely to catch the popular taste. The ability of any committee to select a national anthem may well be questioned. If the words of God Save the King were submitted to any publishing house in the world they would be rejected instantly, and not a paper in all the world would pay a postage stamp for the words which the people of the United States sing to the air of our real national anthem. Literary merit has nothing whatever to do with the matter. Canada will evolve a national anthem, when she needs one. In the meantime we can manage to struggle along with what we have.

Following is the poem that won Coller's prize for a Canadian National Anthem.

I.
O Canada! In praise of thee we sing,
From echoing hills our anthems proudly ring,
With fertile plains and mountains grand,
With lakes and rivers clear,
Eternal beauty thou dost stand
Throughout the changing year,
Lord God of Hosts! we now implore,
Bless our dear land this day and evermore,
Bless our dear land this day and evermore.

II.
Dear Canada! for thee our fathers wrought,
Thy good and ours unselfishly they sought,
With steadfast hand and fearless mind
They tilled the forest domes,
Content at last to leave behind
A heritage of glory,
Lord God of Hosts! we now implore,
Bless our dear land this day and evermore,
Bless our dear land this day and evermore.

III.
Blest Canada! the homeland that we love,
Thy freedom came a gift from God above,
Thy righteous laws, thy justice fair,
Give matchless liberty;
We thank our God that we may share
Thy glorious destiny,
Lord God of Hosts! we now implore,
Bless our dear land this day and evermore,
Bless our dear land this day and evermore.

Special Value in Parlor Suite

A Handsome 5-Piece Suite—Weiler Made—for \$85

HERE is an excellent value in a new parlor suite just placed in stock today. It is a five-piece suite consisting of settee, arm chair, arm rocker and two reception chairs. Frame is of very attractive design and finished a beautiful mahogany finish. These pieces are upholstered in an attractive green silk brocade in our own workrooms. It is a stylish parlor suite that would add greatly to the appearance of any home.

Remember that the upholstering work has been done by Weiler workmen and is guaranteed. So often the upholstering is the unreliable feature of parlor furniture. This is eliminated here. Work done in our own factory, materials from our own stock, designs attractive and the price right. We want you to compare this five-piece suite with any five-piece suite offered anywhere.

FIVE PIECES—ARM CHAIR, ARM ROCKER, 2 RECEPTION CHAIRS, SETTEE, \$85

Striking New Dining Tables at Little Prices

A HALF-DOZEN SAMPLE VALUES PICKED FROM THIS WEEK'S ARRIVALS

WE have chosen these half dozen dining tables from the week's new arrivals as representative of the styles and values offered here. In each you'll see the latest word in table making, see the newest designs from the leading table maker of Canada, and Canadian made tables aren't surpassed anywhere.

Nothing so easily spoils an otherwise attractive diningroom that a poor dining table. A stylish table makes a world of difference. Choose one of attractive design with a beautifully polished top and you'll be surprised at the added style. We show dining tables at other prices, have them priced from \$7.50, and offer an unsurpassed choice of styles and prices.

DINING TABLE—A new table style finished in dull golden oak, pedestal, round top style, 42 in. in diameter, extends to 8ft. An excellent table. Priced at each \$25

DINING TABLE—A large round top table just added to the stock. Top is of a selected piece of oak and is highly finished in the golden. Measures 52 in., and extends to 10ft. Priced at.....\$50

DINING TABLE—A square top table style measuring 44 inches and extending to 8ft. Finely finished throughout and a selected top. Massive legs. Priced at \$30

DINING TABLE—A highly polished golden oak table with a 44-in. round top which extends to 8ft. This is a beautiful table top and a table style fit for any home. Priced at\$25

DINING TABLE—Another square top style measuring 48 in., and extending to 10ft. Massive legs. A table large enough for any home. Priced at each\$40

DINING TABLE—A new design in mission designed table. A round top style with five square legs. Top measures 44 inches and extends to 8 feet. Finished in Early English finish. Priced at \$18

English Style Arm Chairs With Draft Shields

A POPULAR CHAIR STYLE MADE IN OUR OWN FACTORY—\$22.50 AND \$25.00

EVER sat in one of these English style arm chairs? Many Victorians have, for we have sold a big lot in this city. They are attractive in design, they're comfortable, easy priced and they have a special feature. In the draft shield. The back is high and upholstered and with these draft shields makes a cosy, safe chair.

These are made in our own factory—a factory whose upholstery work is famous for its superior quality. Covered in Boston leather, Morocco finish, in either green or maroon. Priced at \$25.00 and \$22.50.

New Library Suite, \$80

ROCKER, CHAIR AND SETTEE—MISSION

One of the latest additions to the furniture stock is a line of library suites—leather upholstered mission styles. Nothing more attractive in design nor superior in workmanship has been shown here at anything like this price. We want you to see these pieces—to give us your opinion of their design—their worth.

Suite consists of three pieces, arm chair, arm rocker and settee. Frames are made of selected oak, made in mission design and finished in that popular Early English finish. We have them upholstered in either olive, green or maroon Spanish leather. Stylish, comfortable furniture pieces and priced right for we offer these three for \$80.00.

We have a Morris chair to match, a large, roomy chair. Mission design, upholstered in either olive green or maroon Spanish leather. Price is \$35.

There are dozens of other equally interesting pieces of leather upholstered furniture awaiting your inspection on the third floor. You are welcome to come in and look over this new stock.

Watch the Windows

In our windows—Broughton street—you'll find some interesting pieces of bedroom furniture. These are in mahogany finish. Styles are new and attractive and the prices right. Matters little what your bedroom requirements may be, this establishment is grandly prepared to fill your wants. Styles and values unexcelled.

Come in and see our showing of iron and brass beds on the fourth floor.

New Styles in Davenport

NEW ARRIVALS PRICED AT \$35 AND \$45

WE have just priced two new arrivals in Davenport beds—that very useful furniture piece. Splendid styles and priced at popular figures. Perhaps you are not acquainted with the many advantages of owning one of these beds; do not know what a stylish furniture item one is when not in use as a bed and how easily you can transform one into the most comfortable of beds. Come in and let us show you these and how easily they work—a feature lacking in some.

Davenport, with attractive golden oak frame. Upholstered in green or red velour. Priced at \$35.00

Davenport, upholstered in green or red velour. Frame is of golden oak and attractive in design. Priced at \$45.00.

Brass Vases in the China Store Today—Priced From 40c

WE are today showing in our china store some handsome new brass vases. These vases are becoming very popular of late and we know that such attractive designs as are shown in these new arrivals won't stay long in our showrooms. So come in and see these—add one or more to your home's furnishings for the price is easy.

Then, there'll be much in china and glass to interest you on this floor and your visit will be an interesting one. Spend just as much time as you wish and remember there isn't the slightest obligation to spending a cent. Brass Vases are priced at each 40c, 65c, \$2.50, \$3.00, \$4.50.

Use the New Ladies' Rest Room

LADIES should remember that our rest room is theirs to use any time, whether a customer of this establishment or not. It's a convenience planned for ALL Victorian women folk. A convenient place to read, write, rest or meet your friends. Use it. Second floor.

Send for Our Big New Catalogue

IF you haven't already received our new catalogue send your name and address on a postal and receive a copy of this fine book. It is filled with illustrations of the very newest ideas in furniture, etc., and every item priced. A valuable book free to you. Send today—now!

DAYLIGHT SERVICE TO SEATTLE
A delightful trip by S.S. Iroquois, leaving daily at 9 a. m.

NEWS OF THE CITY

Will Erect Dwelling

A building permit was issued yesterday by the building inspector to W. J. Hanna, who will erect a dwelling on Camosun street to cost \$1,700.

Needless Run

A false alarm from box 63, corner of Bay and Bridge streets, at 9.30 o'clock last evening, gave the fire brigade an unnecessary run. No signs of fire could be discovered.

Earl Grey and Canadian Club

The Canadian Club has as yet received no reply to the invitation to Earl Grey to attend a luncheon, which it is proposed to give in his honor. The invitation reached His Excellency at Vancouver before he started north on the 5th inst.

Garden Party to Be Held

A garden party will be held at Mr. Jackson's residence, 1524 Hulton street, Oak Bay, under the auspices of the Ladies' Aid Society, of St. Columba church on Wednesday, August 18, during the afternoon and evening.

Water Shut Off

The water commissioner gives notice that the water will, this morning at 9 o'clock, be turned off from the following streets to allow of connections being made: Walnut street, Fernwood road from Edmonton road to Bodwell street, and Vining street from Chambers street to Stanley avenue.

Decision Today

Mrs. Effie Bamfield, of Victoria West, appeared in the police court yesterday morning to answer to the charge of having wilfully and maliciously obstructed the workmen of the Esquimalt Water Works Company by refusing to allow them to enter her premises to install a meter on a service pipe, and after a long hearing Magistrate Jay reserved his decision till this morning.

Kick at Thistles

Still more kicks are being made to the city council, this time about the city's slowness in not attending to the work of cutting thistles on the streets. Cook street residents are up in arms. They point to the fact that owners are compelled to cut the weeds on their respective properties while right alongside the streets are covered with thistles which are allowed to go to seed. Some two months ago Alderman Turner threatened to introduce a bylaw dealing with the noxious weeds, but somehow or other the measure has been allowed to drop out of sight.

Start on Subway

Plans for the subway which will be constructed across the causeway next the wall and underneath the sidewalk on the west side of the street have been prepared by the city engineer's department. The subway will contain all wires which it is possible to put underground and will be sufficiently large enough to contain both the low as well as the high voltage wires without danger of the former being affected by the latter. Work on the construction of the subway has commenced and will be finished before the cement sidewalk on that side is commenced.

New Crusher Arrives

The new crusher which the city ordered from Vancouver has arrived and will be installed on Wilson street, Victoria West, where a large quantity of rock blasted from that street will be crushed for use in completing the local improvement works on Catherine, Skinner, Langford, McPherson and Fullerton streets. On the three named streets it was decided, in view of the lack of crushed rock, to finish the surface with gravel but now that the crusher has arrived the surfacing will be rock. The new machine will be capable of crushing about eighty cubic yards of material daily.

Compendium on Island

The coming in of three new auxiliary leagues to the Vancouver Island Development organization has delayed to some extent the presentation of the manuscript to the provincial government of the book which they are going to print gratis on the various tracts embraced in the league. The new districts enrolled are the Settlers' Development League, embracing the northern end of the island, the Port Renfrew League, and the Millstone River Valley Development League of East Wellington. The Settlers' League has already furnished to headquarters a manuscript dealing with their resources, and the other new organizations have been asked to send on literature and photos. It is the object of the Vancouver Island League to have every district represented in the book.

Plans and Estimate Soon Ready

Within a week or two the city engineering department will, it is expected, be in a position to submit final plans and an estimate of cost of the proposed improvement work which the residents of Spring Ridge hope to see carried out whereby the "gravel pit" section will be graded to a proper level, streets cut down or raised as necessary, the unsightly gravel pits filled up and the whole section involved in the scheme improved. The surveyors, who have been engaged for the past month or two in taking levels, have completed their work and their notes are now being whittled into shape and plans and profiles prepared. The task has been a heavy one and has required more time than was at first contemplated. When all necessary details have been arrived at it will be possible to make an estimate of cost.

Placing V. I. Literature

Copies of all the literature dealing with the resources and possibilities on Vancouver Island is to be distributed to the public libraries in Canada and England. By this means it is hoped to still further spread the propaganda of advertisement, which the local development league is carrying out. The literature will be placed in all the principal cities in the Dominion and in the following population centres in the old country: Liverpool, Manchester, Leeds, Birmingham, Sheffield, Newcastle-on-Tyne, Hull, York, Barrow-in-Furness, Lancaster, Preston, Carlisle, Crewe, Wolverhampton, Southampton, Portsmouth, Derby, Bath, Bristol, Scarborough, Eastbourne, Bournemouth, Brighton, Leicester, Lincoln, Durham, Nottingham, Northampton, Stafford, Cambridge, Rugby, Coventry, Cardiff, Doncaster, Reading, Worcester, Exeter, Gloucester, Warwick, Oxford, Stoke-on-Trent, Bedford, Peterboro', Chatham and Folkestone.

THE WEATHER

Meteorological Office, Victoria, B. C., at 3 p.m., August 12th, 1909.

SYNOPSIS: The pressure has given way on the northward and is now lowest over Alberta and Saskatchewan. No rainfall has occurred today and the weather has been very warm in the Prairie Provinces and in the inter-mountain region of the Pacific states.

BADE FAREWELL
TO CHINESE CONSUL

Cadets of New School Honored
Departure of Distinguished
Countryman

Neatly clad in navy blue uniforms, and standing erect in military order of two files, over thirty cadets of the new Chinese school saluted Hsu Ping Chen, Chinese consul of San Francisco, as he departed for Vancouver on the Princess Victoria on his homeward journey yesterday. The young students, ranging from the age of six to seventeen, stood motionless, turning neither to right or left, and as the consul passed along the ranks, the word was given by the captain of the company, and all with military precision gave the farewell salutation to the noted visitor, who last Saturday formally opened the new edifice. Several hundred Chinese residents were also present to honor the departure of their distinguished countryman. The consul goes to Vancouver for a day or so, and will then depart for his present home, San Francisco. This is the first semi-military organization of Chinese ever seen in this city, or in any other city adjacent to the coast. The school is a Seattle boat, it afforded as much interest as a whole regiment of United States soldiers.

MUCH U.S. SILVER
IN CIRCULATION

Despite Monthly Shipments by
Banks Fifty Per Cent of
Silver Is American

Though the supply of United States silver currency in circulation in the city does not, to the ordinary individual in the street, appear to show any falling off, it will doubtless come as a surprise to the majority of Victorians that somewhere in the vicinity of \$15,000 a month is shipped out of this city for the other side of the line by the local banks. The estimate is a rough one, but a prominent banker here made yesterday.

But with this regular efflux of Yankee silver taking place, the rush of tourists to this city from the other side replenishes the drain and the supply keeps up. In fact at this time of year the quantity of American silver in circulation is always large, and the majority of visitors to Victoria come from the other side, and particularly in this case this year with the big exposition in full swing at Seattle.

Some years ago the majority of banks throughout the country, acting on instructions from the finance department, accepted American silver only at a discount, but this practice has been discontinued. Uncle Sam's minted pieces go for their face value, but last July the Canadian Bankers' Association again took up the question of the circulation of United States silver in Canada with the finance department, and as a result arrangements were made whereby the banks now get credit for the silver shipped. The plan adopted met with the assent of the United States treasury department, which is only too willing to get its currency back into circulation in the States. Just how much American silver is in circulation in the Dominion is probably unknown to any one but the total value of it must reach into large figures.

Shipping Arrangements
Under the arrangement between the banks and the finance department the silver is shipped by the banks to the treasury department at Washington, and as soon as it is counted a statement is issued to the Dominion finance department, and on receipt of this statement the bank making the shipment is credited with express charges and a commission of three-eighths of one per cent, on the amount shipped.

Some of the banks do not take the trouble to ship the American currency back, but put it back into circulation, but since the Dominion has commenced to mint its own silver, the government is naturally desirous to place as much of it in circulation as possible, as the coining of silver is a profitable business for the country, which has to pay the cost of the bullion and the cost of minting, but on the other hand a very large proportion of the silver minted does not come back for redemption with the result that the government's profit runs probably from thirty to forty per cent. Much of the silver is lost, or absorbed in various manners.

In Victoria, as a result of the constant influx of travellers from the States it would be well nigh impossible to stop the circulation of American money, and when a few years ago the discount system was resorted to it was soon discovered that it was unworkable. The same thing applies to all the border towns, and indeed to the whole country.

Fifty Per Cent. American

One local banker states that perhaps fifty per cent of the silver now in circulation here is American money. The local banks, or at least a number of them, are monthly shipping back silver to Seattle, but on this the commission offered by the Dominion government is not paid as no returns of these shipments are made to the government. If the silver were shipped to Washington the commission could be obtained as the treasury department, as stated above, makes regular returns to the Dominion, showing just how much silver is shipped back.

Pythian Sisters to Meet
Island Temple, No. 8, Pythian Sisters hold their regular meeting this evening. All members are requested to attend.

Launch Dorando

A new motor launch, of 10 h. p., capable of making eight knots an hour, the property of J. H. Grant, has been added to the harbor craft. The launch is christened "Dorando," after the famous Marathon runner of that name.

Searches For Her Son

Mrs. Julia Keppeler, of Hamilton, Ohio, is inquiring by letter for the whereabouts of her son George, who was last heard of some years ago at Victoria. The whereabouts of the thought possible may have come to British Columbia. Mrs. Keppeler states she is 70 years old, and is very anxious for her son to come home and see her before she dies. Anyone having any knowledge of the whereabouts of George Keppeler, who when last heard of was a bartender, should communicate with Fred Ella, Grotto saloon, of this city.

Record Tourist Traffic.

There is no cessation in the big influx of tourists to the city. The daily passenger boats from Seattle and Vancouver bring large consignments, the visitors coming from all points of the continent. At the Empress hotel yesterday accommodation was refused to 200 people, and throughout the last week over 100 have had to be turned away each day. The King Edward hotel is turning away an average of 25 every day, and the Dominion an average of about the same. Both the Driand and Balmoral are full to their capacity. The present tourist season is easily a record one in the history of the city.

Prince Rupert School

The provincial government is again calling for tenders for the erection of a school at Prince Rupert. The provincial Gazette contains a notice advising the fact, that these will be received until September 2. The northern towns have outgrown their school accommodation, and some months ago the government called for tenders for the erection of an eight-room structure upon one of the government lots. The tenders were considered too high, and all the tenders were rejected. The new school is to be a frame building of eight rooms.

Coal in Oyster District

Indications of rich coal measures are following the drilling operations being carried out in the acreage in the Oyster district between Nanaimo and Ladysmith, which is now under option to the Northern Pacific railway. The latest results show a seam five-eighths feet thick some 308 feet beneath the surface. The strata lying above the present strike is composed of a hard conglomerate to the depth of 200 feet, beneath which, until the coal is reached, is a formation of loose shale. Before the exact extent of the measure can be ascertained a considerable amount of further drilling will be necessary. The option on the acreage, where the drilling operations are being carried out, expires on September 1.

MATTERS COMING
BEFORE CONGRESS

George Hadrill Tells of Empire
Chamber of Commerce
Convention

The advance guard of the Canadian delegates to the Empire Congress of Chambers of Commerce representatives to be held at Sydney, N. S. W., has arrived in the city. The president of the Montreal Board of Trade, who is registered at the Empress hotel, will reach here today, sailing by the SS. Marama tonight. He is accompanied by Mr. F. representing the Board of Trade, George Cockburn, and George Page, representing the Toronto Board of Trade; H. M. Belcher and E. D. Martin, representing the Winnipeg Board of Trade, the former being the president of that body.

Mr. Hadrill states that among the resolutions to come before the congress in which the Montreal delegates are principally interested is that of preferential trade with a tariff. The resolution dealing with this matter was adopted at the last Empire congress, and has also been endorsed by the London Chamber of Commerce. The next subject of interest to the Montrealers is that of imperial defence. The eastern Canadian representatives will advocate that the colonies should bear their share and to this end should establish naval and shipbuilding yards, and the building of a navy. Another resolution brought up and passed three years ago at the London Empire congress, is that advocating the establishment of an Imperial Council composed of representatives of the Motherland and the overseas Dominions. This council it is suggested should deal with all matters affecting the vital interests of the Empire. When this resolution was first brought forward it was fathered by the Vancouver Board of Trade, and should that organization not bring it forward at the coming conference it will be taken up by the Montreal delegates. Another resolution emanating from Montreal is that dealing with tuberculosis and its prevention. The great destruction of life by this disease is recognized directly affects commerce, and on this account it comes well within the scope of the congress.

Mr. Hadrill in conversation with the Colonist stated that he believed that the triumphal meetings of the Empire Chamber of Commerce delegates were not without their practical results. The body had no power but at the same time it was recognized as voicing the opinions of a large portion of the Empire brought the business men of the Empire together, and enabled them to exchange views.

Among the English delegates who will arrive here today, en route to Australia, is Kenrie B. Murray, who for many years was secretary of the London Chamber of Commerce, and who has been secretary of the Empire congress ever since its inception, over 20 years ago. At the congress held in Montreal six years ago, there were over 700 delegates present from different points of the Empire. The Sydney congress is unlikely to attract such a large number.

The minor trouble at the Canadian West Company's Taber coal mines has been amicably and satisfactorily adjusted.

BRICKS ARRIVE
HERE NEXT WEEK

Half Million Vitrified Bricks for
Wharf Street Pavement
Here on Time

Next week the first shipment of vitrified brick for use on the Wharf street pavement will arrive in the city. The Denny-Kenton company, Seattle, from which the brick is being secured, has notified the city to that effect. The shipment will consist of five scow loads, each containing about 100,000 bricks, and will almost be sufficient to pave the street. But the necessary brick for the causeway pavement will also be shipped at once.

The work of preparing the roadway for the brick is being slowly pushed ahead. While the contractors have three months within which to complete the work, it is hinted in civic circles that at the rate of progress now being accomplished the contractors will not be able to finish in time. But a very small number of men are employed. It is said that the contractors are waiting until the supply of brick arrives, but as it cannot be laid until the whole roadway has been graded and the cement foundation laid the usefulness of the brick at the present juncture cannot be seen.

MONTREAL COUNCIL
TOO UNWIELDY

Twenty Aldermen Sufficient to
Order Affairs of
City

That the present Montreal council is unwieldy, and that it should be reduced to one half—that is, from some 48 members to 24—is the question now agitating the citizens of Canada's metropolis, according to George Hadrill, secretary of the Montreal Board of Trade, who is a visitor to the city. In conjunction with this reduction, it is suggested that a board of control, to consist of four members and the mayor, should be appointed.

Some time ago, according to Mr. Hadrill, the citizens of Montreal brought pressure to bear on the Quebec legislature with the result that the city charter was amended, giving power to bring about the above results. In the amendment, however, there was a proviso that the reduction of the number of aldermen and the appointment of a board of control must receive the sanction, by vote, of the citizens. The vote is being taken next month, and Mr. Hadrill states that the board of control, comprising 14 members, is very anxious to see these changes made, as they consider 20 aldermen sufficient to order the civic affairs of a city of 400,000 people. In the amendment to the city charter passed by the Quebec legislature, power is given to constitute the proposed board of control from the permanent heads of civic departments.

THE FLOWER SHOW

Those who have not been at the flower show have missed a great treat. In these annual shows the Horticultural Society is sowing seed which is bearing fruit, not only in more perfect blossoms, but in a wider extension of an interest in gardening. And who would not want to plant any one of the varieties to be seen in the Drill Hall yesterday?

It was easy to see that the favorite of Victoria gardeners is the sweet pea. In every collection it was to be seen in every shade of red and purple, from palest pink to vivid crimson, and from the most delicate lavender to the darkest shade of the color. By the florist's art the blossoms had been not only increased in size, but altered in shape till the "painted lady" of old-fashioned gardens would scarcely have known her daughters.

Still more gorgeous were the gladioli which were there in all their glory of crimsons and yellows. Not quite so brilliant, but more graceful, were the masses of salpiglossis that challenged admiration. A very lovely little flower that seems to be coming in fashion again, for the fickle goddess reigns in the garden, is the scabanthus. It, too, in its western home is larger and perhaps more perfect than when it showed its delicate purples in eastern flower beds. Some one had coaxed a perfect chrysanthemum into bloom before its time. Pity not to leave its loveliness till the season when it can reign alone.

A white cactus was one of the many wonders in Mrs. Flewlin's collection. The carnations were a disappointment to those who love pure color, though doubtless a triumph of the gardener's art.

The dahlias were there in the perfection of their rich beauty. How any one could judge between them was a mystery to the amateur.

There were lovely roses, too, but the queen of flowers had her triumphs in that season. The single specimen flowers were, nevertheless, very beautiful. The splendid collection of ferns and potted plants sent by Mrs. Croft, added very greatly to the general effect.

The creeping campanula was much admired, and though not uncommon here seemed to be a stranger to the visitors.

The fragrant water lilies exhibited by Mrs. F. Barnard shows that flower lovers in Victoria need not be without that fragrant favorite. They were very perfect.

But perhaps the most beautiful and certainly not the least useful feature of the show was the table decorations. The ladies who arranged the flowers so beautifully gave a lesson in taste that will not be forgotten by any who attended the show. Not every flower-lover has the art of making the most of the blossoms indoors. There were some lovely effects, and here, too, the judges' task was a hard one. Altogether the show of 1909 will be difficult to excel. The Horticultural Society is doing well, and deserves the support of every Victorian.

Here and There

It is to be hoped that the plan proposed on Wednesday night by Trustee Christie of appointing one principal for the boys and girls' schools will not be carried out.

There are a large number of people in Victoria who believe in the separation of the sexes. Many of these are old country people who do not believe in co-education. In all the other schools in the city the boys and girls are educated together, and by residing in the Central district these people have had the opportunity of educating their boys and girls in separate schools.

It cannot be said that the plan has failed, and it would not be right to force co-education on the citizens who object to it. The result would be in many instances the withdrawing of children from the public schools, which from the standpoint of the trustees, at least, would be a misfortune. If, on the other hand, it is contemplated to leave the schools as they are, the appointment of a head would be most unwise. The man or woman who could direct the policy of two schools must have ability so rare as to be very exceptional. Wherever the experiment has been made of bringing great numbers of children into one big school there is loss rather than gain. The principal cannot know his teachers, much less the pupils of his school. The difficulty would be still greater in the case of separate schools.

The duties of the principal of a school are very important, and demand qualities not found in many excellent teachers. To look upon the school as a whole and at the same time to consider the welfare of every child in it are not easy tasks. The evils that have resulted in the classroom from the neglect of the individual are being felt, and the wisest teachers now see the necessity of smaller classes where the teacher may come into contact with the mind of every pupil.

What applies to the single room is even more true of the school. We do not need big schools. The greatest efficiency is reached when the head of the school knows, not only the teachers, and can assist and co-operate with them, but knows and is known by every pupil in the school.

There should be room in Victoria for one girls' school with a woman of culture, wisdom and character at its head, and a boys' school where the principal is a leader worthy of the confidence of all. There are many changes that are not reforms, and it is hard to see how placing two schools under one management will benefit the eight hundred or more boys and girls who attend the Central Schools. It is the good of these pupils that should be considered in making any new arrangements if any change is advisable.

It is greatly to be hoped that the movement to form a children's department of the Carnegie Library will succeed. It is not alone and perhaps not chiefly school children that will be benefited by a good juvenile library and reading room. There is in Victoria a large and growing population of girls and boys, at present untaught, who are fairly well educated. Most of them have passed the examination for entrance to the High School. They are at the reading age, and are ready to devour anything that comes in their way. It is most important that they should be supplied with good books. If they do not learn to read these, they will fill their minds with what is harmful. To be able to find a variety of good books, to have a wise and sympathetic adviser in the library, and a warm and well-lighted room where they can sit and read will help to keep these young folks from dangerous or harmful amusements. Lovers of good books are not likely to seek the society of evil companions. For these boys and girls a well selected library will afford a good opportunity of going on with the education begun in school.

The necessity for a new High School must be evident to all. There is little doubt that the rapaciousness of the bylaw granting money for its construction. The days when Victorians were satisfied to send their children to overcrowded and unsuitable buildings have passed. Everyone now recognizes the value of good school buildings, not only for the purpose of education, but as adding to the attractions of the city. This may not be the highest of motives for building good schools, but it is one that has weight with many taxpayers. One of the first questions asked by a home-seeker is what educational advantages does a place possess. If a school houses give him a silent answer that may almost always be relied on. It is true, excellent teaching may be done in very poor schoolhouses and with meagre equipment; but the rule is the other way. In these days the intelligence and progress of a community can fairly be judged by the provision made for the education of its children. All classes in Victoria are now recognizing the excellence of the work done in the college and High School of this city. The boys and girls educated here have shown that they are the equals of those receiving instruction in similar schools anywhere in Canada, and that they excel most. To make both the university classes and high schools yet more efficient is the aim of the teachers and trustees, and the public will not refuse to give them the funds necessary to enable them to do so under the very best conditions.

In all directions great men are at work trying to strengthen the bonds which draw the widely-separated parts of the British Empire together. What their success will be time alone can tell. It seems but a short time ago that Imperial federation was looked upon as the dream of a few enthusiasts. Now there are few who do not look to the possibility of a far closer union than at present exists.

Almost all the steps taken so far have been in the direction of promoting among the peoples who live in various parts of the Empire a feeling of friendship. It has been felt that if only we knew one another better we would like each other more. There have been conferences of all kinds. Men and, in some cases, women have travelled over continents and across seas to meet together for a few days and to discuss subjects of common interest. But it is believed by many that the plan of Cecil Rhodes, extended to all classes, will prevent the growing up of those prejudices and estrangements which do more than distance to keep people apart. They would, however, send British students to colleges in the colonies as well as draw Canadian students to England. Among those who are supporting this scheme are Lord Rosebery, Earl Grey, Sir Gilbert Parker, Lord Rayleigh, Mr. Austen Chamberlain, and representatives of the universities of Oxford, Ireland, and Sheffield. A society has been formed, of which Lord Brassey is treasurer. In an ar-

ticle on "Empire students," the Standard of Empire gives the following information concerning this new educational scheme:

"The present plan was evolved as far back as the summer of 1907, as a result of protracted inquiries throughout the Dominion and the United States regarding the relative conditions of the two countries along educational, industrial, and other lines of activity, leading up to a conception of the urgent needs of the universities of today."

An encouraging feature of the movement is the prompt offer made to the executive committee by the transatlantic steamship companies to provide special facilities in the way of accommodation to any students travelling in either direction under the auspices of the Students' Travelling Bureau. It is highly probable, likewise, that the railway companies will co-operate in this matter, while the steamship companies serving the other overseas states are, for the most part, prepared to offer passages to such students at reduced rates to facilitate travel between those states and the Mother Country.

"The scholarships to be endowed under the present plan will be available for students in the Dominion of Canada, the United States, and the British Empire. But the services of the Students' Travelling Bureau will be at the disposal of all students (graduate or otherwise) of any English-speaking country. The committee, it is understood, is not without hope of being able to offer certain scholarships available for other parts of the Empire, and under certain other conditions."

The housewives of Toronto have discovered that they do not get four pounds of bread when they buy a four pound loaf. When they came to think of it, this bread was very expensive. Now they are publishing recipes for making good home made bread, which, to judge from the letters some of them are writing to the Toronto Globe, is a forgotten art among Toronto housekeepers. The bakers of that city will have to improve the methods or they will find themselves without customers.

A pupil at the Kensington High School—one of the thirty excellent high schools for girls founded by the Princess Louise, Duchess of Argyll in 1871—gives a correspondent in Victoria the following interesting account of the work which is being accomplished in the grounding of music pupils in that institution. She writes: "Miss Holme, the headmistress, got up a very interesting musical demonstration at school last week, at the request of the Princess Louise. The papers

have quite taken it up, and there have been letters and paragraphs about it every day in the Times.

"The demonstration was in the form of a lesson given by Miss Holmes to the upper second. They read extremely difficult things at sight, especially musical notation, each child writing in a different key, and E. Beckett (six years of age) played a piece in C major, and then played it in any other key the audience asked for. Miss Holmes played chords, and the children told her what they were, and resolved them of course, they had their backs to the piano, and could not see the notes. The lower second did less difficult sight reading, and pieces were played, and they told what time they were written in and on what beat they began."

"One of the twin daughters of Mr. Arthur Somerville, the composer, played sublimely, and the tonic chords in any key asked for by the audience, and all the children showed a wonderfully thorough grounding in the theory of music."

Next year's convention of the Western Canadian Irrigation Congress is to be held at Kamloops.

Arthur Hickling, the hero of the Vernon fire, who lost his life in saving that of one of the domestics, was well known throughout the Kootenay country, and was the nephew of Arthur Hickling, a well known British capitalist, who was one of the pioneer investors of the Rossland camp, and who still makes annual pilgrimages to this place to look over his fixed investments.

CALIFORNIANS WIN AT SEATTLE

Miss Hotchkiss and Miss Ryan
Lead in Singles and Doubles

Seattle, Aug. 12.—Miss Hazel Hotchkiss, of Berkeley, Cal., and Miss Elizabeth Ryan, of Los Angeles, won the ladies' doubles today in easy fashion. The California players each worked into the finals of the ladies' singles, and will meet tomorrow for the championship. Miss Hotchkiss and Carrill, also of California, won the right to play in the mixed doubles semi-finals tomorrow, defeating Rhodes, of Vancouver, and Miss Hobson, of Seattle, today in straight sets.

Summary:
Finals, State Ladies' Doubles: Miss Hotchkiss and Miss Ryan, of California, beat Mrs. Swift and Mrs. Southard, of Seattle, 6-2, 6-1.

Semi-finals, State Ladies' Singles: Miss Hotchkiss, of California, beat Mrs. Swift, of Seattle, 6-1, 6-2. Miss Ryan, of California, beat Miss Hobson, of Seattle, 6-1, 6-3.

JEFFRIES SAYS NO AUTHORITY

Seems to Think Berger Went Too Far in Signing Agreement

Plymouth, Aug. 12.—James J. Jeffries, on arriving here today from New York, appeared to be surprised when informed that his representative, Sam Berger, had signed an agreement at Chicago yesterday for a championship fight between Jack Johnson and Jeffries.

"No one has any authority," said Jeffries, "to make such arrangements in my absence. I have nothing to say about my fight with Johnson. The match will come off, if I have anything to do with it, unless one or the other of us dies. As to the date when the fight will occur, it may be in six months, and it may be earlier, or even later, but the sooner the better."

Chicago, Aug. 12.—Sam Berger, acting as the representative of James J. Jeffries, is arranging for a bout between the former world's champion and the present holder of the pugilistic title, Jack Johnson, was unperplexed by the report that his authority to represent the big fighter had been repudiated by Jeffries.

"Mr. Jeffries has undoubtedly been misinformed as to what was done yesterday, and believed that I concluded a final agreement with Johnson," said Berger, "I have telegraphed to him just what I did in negotiating preliminary arrangements with Johnson, as he had given specific authority to do. The agreement signed yesterday is not, and never was considered by me as final. Indeed, in its wording it refers to the settlement of the final details, after the club offer is accepted. The agreement contains only the preliminary articles, and I am satisfied Mr. Jeffries will approve what I have done."

Jack Johnson was arrested today for exceeding the auto speed limit on Michigan avenue, and was released on bond.

RACES RUN OFF IN SPEEDY FASHION

Cyclists Made Fast Time Over Course From Here to Sidney

The swarm of over 1,500 that attended the grocer's picnic yesterday, were about the happiest bunch of pleasure seekers that ever were gotten together, and all enjoyed themselves immensely from the start of the first race until the orchestra sounded the strains of the final two-step at the dance last evening.

President Harry Kirkham, and committee men DeCarteret and Sou Moody managed things to great advantage, and during the entire day there were no delays, all through the day, masters of ceremonies, Pat Devine, kept the athletes getting ready for their various events.

The feature of the day was the finish of the bicycle races that were ridden from the city to the grounds at Sidney; the best time over the course in the handicap went to Tommy Peden, who covered the course with the New Departure brake in the fast time of 53 minutes; although Peden finished second to McKenzie, he made the best time over the course as the latter cyclist had a two-minute handicap. B. Hancock, who was also a scratch man, finished a good third in fine shape.

The race, open to all-comers, and started from scratch, had a field of 14 starters, and was won by Sewell in the extra fast time of 55 ft. Bob Peden was second, followed closely by Leo Sweeney.

The mile race open, was run on the road at Sidney just after the finish of the bicycle races; Sou Moody conveyed the runners, about a dozen in all, to the starting point. Peden gave the runners a good start. The race was won easily by Jack Sweeney, the J. B. A. A. runner, with Bendrodt, also of the J. B. A. A. second, and Brethour third. Sweeney took the lead at the crack of the pistol, and lead all the way; and had an easy time of it until the finish. After this race the crowd all returned to the picnic grounds, and the balance of the games took place. The ball game between the wholesalers and the retail grocers was won by the former by the score of 6 to 4. The retail boys had it told them that the game was to go nine innings, but the wholesalers said they understood that the game was to go to 6 innings, and would not consider playing the extra three innings.

The open hundred yard dash was won by Sid Winsby, with Frank Moore second, and Jack Sweeney third, all of these three wearing the colors of the J. B. A. A.

The race for grocers of over 200 pounds created no small amount of amusement, and many of the heaviest were forced to weigh in on different occasions. This race was won by J. J. Jeffries (no relation to the big pug) with Bill Smith second and Plummer, third.

The half mile relay open, was won by Winsby, Carne and Moore, with the three Sweeneys second and Clare McConnell, C. Baylis and L. Wille, third. The relay was a half mile measure with three men to each team.

The balance of the races were won as follows:

Girls over 9 and under 12—Won by Miss G. Smith; 2nd, M. Aaronson; 3rd, V. Laxton.

Boys over 9 and under 12—Won by T. James; 2nd, J. Cummins; 3rd, G. Hutchinson.

Girls under 9—Won by Miss J. Donovan; 2nd, E. Walker; 3rd, A. Rannors.

Boys under 9—Won by Frankie Carroll; 2nd, G. Tibbets; 3rd, W. Huxtable.

Girls between 12 and 16—Won by Miss A. McLaren; 2nd, Miss A. Middleton; 3rd, E. Walker.

Boys between 12 and 16—Won by F. Campbell; 2nd, F. Wood; 3rd, W. Cowan.

Young ladies over 16—Won by Miss V. Speed; 2nd, Miss Renfrew; 3rd, Miss A. McLaren.

Three-legged race—1st, Humber and Dakers; 2nd, Winsby and Moore; 3rd, Danes Bros.

Grocers over 200 pounds—Won by J. J. Jeffries; 2nd, W. Smith; 3rd, T. E. Plummer.

Married ladies—Won by Mrs. A. Lockley; 2nd, Mrs. Hutchinson; 3rd, Mrs. Hasking.

Fat man's race, open—Won by Blair; 2nd, McBride; 3rd, J. J. Jeffries.

100 yards for grocers clerks—Won by F. Carne, Jr.; 2nd, Will Blake; 3rd, F. Fox.

Egg race for ladies—Won by Mrs. A. Laxton; 2nd, Mrs. Hobb; 3rd, Mrs. A. Lockley.

100 yards for wholesale travellers—Won by Sou Moody; 2nd, S. H. DeCarteret; 3rd, C. Muir.

200 yards for retail drivers—Won by Art Dakers; 2nd, Gilmaster; 3rd, H. Abbott.

100 yards, open—Won by Sid Winsby; 2nd, F. Moore; 3rd, Jack Sweeney.

Wholesale grocers employees race—Won by L. M. O'Leary; 2nd, N. Croman; 3rd, J. Houston.

One mile, open—Won by Jack Sweeney; J. B. A. A.; 2nd, A. Bendrodt; 3rd, Braithour.

Shoe race—Won by Sid Humber; 2nd, McRae; 3rd, D. Danes.

Sack race—Won by R. Watson; 2nd, Sid Humber; 3rd, Hand.

Relay race, half mile, three men to a team—Won by Sid Winsby, Frank Moore and F. Carne; 2nd, Will, Leo and Jack Sweeney; 3rd, Clare McConnell, C. Baylis and L. Wille.

100 yard race for employers and managers—Won by J. C. Dadds; 2nd, H. Schoeder; 3rd, T. Bailey.

100 yards for wholesale managers and employers—Won by Brencley; 2nd, Peden; 3rd, Davy Patterson.

Putting the shot—Won by A. Foster; 2nd, W. Peden.

Best baby boy at picnic—C. Peter-son.

Best baby girl—Miss Aileen Adams.

Most popular fair one on the grounds—Miss Georgie Cavin.

Guessing contest—Grocers, \$3.

Guessing contests. How many beans in jar? 2,112—Won by Mrs. Handley, who guessed 2,117; 2nd, Mrs. G. Gowen, who guessed 2,101; 3rd, Mrs. A. Lockley, who guessed 2,100; 4th, Mrs. W. B. Hall, who guessed 2,126.

The form players had a profitable day at the Oak Bay track yesterday afternoon, as five of the choices, all heavily backed, came home in front.

The only upset of the afternoon came in the fifth race when May Pink, at good odds, and showing wonderful improvement over her race of the day previous, romped home an easy winner in front of a fairly good lot of sprinters. May Pink, with Coburn in the saddle, lay in a nice position until the last turn, where she gradually overhauled and passed Herives, and came on to an easy victory. Cheers with Archibald up made up a world of ground in the last half and catching Herives in the last few jumps got the place by a neck. Herives lasted long enough to take show money.

Listowel took the fourth race, a six and a half furlong, rather handily from Mechant, and equalled the track record for the distance. Callahan got the winner off in front, where she remained the entire journey, winning in a mild drive from Mechant, which in turn had no trouble in disposing of Elizabeth Harwood for the place. Kildalla repeated her victory of Wednesday when she ran away from her field in the opener, and won the race in a big gallop. Liddington got up in time to take second money from Anna Karenina, which was all out at the end. Stormy Petrel faced the barrier for the first time in her career in this race, and acted very green.

The second race was easy for Quality Street, which was coupled with Fire. The Cunard gelding went to the front on the water wagon turn, and never leaving the result in doubt won in a romp. Tom O'Malley got the place with Alder Gulch third. The heavily backed Chester Krum had no chance after the start.

Margaret Randolph started to make a runaway of the mile race, but she weakened in the final drive, and had nothing left to stall off Sir Wesley's challenge. The latter, well handled by Archibald, laid off the early pace and after allowing the leader to run her head off came on to win rather easily. Randolph was an easy second with Be Brief third.

Mike Hennessy gladdened the hearts of his numerous feminine admirers by capturing the closing race, but it was only after a desperate drive. Lady Beauty was second and Nasmerite third.

Jockey Archibald rode one winner and one second yesterday, and continues in the lead in the jockey cup competition by a safe margin, with 35 points. His lead is such that unless he meets with an accident his victory in the contest is practically assured. In the even of his winning the cup, Archibald will send it to his mother in Oakleigh. Brooks rode one winner, and is second on the list, with 19 points, while Lyeurgus continues to occupy third position, although he did not ride yesterday. The other riders' chances of winning the cup are hopeless. Following is the standing for the first four days of the contest:

Jockey	Points
Archibald	35
Brooks	19
Lyeurgus	15
Leeds	11
Vosper	9
Keogh	7
Kederis	7
W. Powers	6
Gaugle	6
J. King	6
Callahan	5
Coburn	3
Leeds	3
W. Kelly	3
Jahnsen	3
McEwen	2
Matthews	1
Quay	1

Grocers over 200 pounds—Won by J. J. Jeffries; 2nd, W. Smith; 3rd, T. E. Plummer.

Married ladies—Won by Mrs. A. Lockley; 2nd, Mrs. Hutchinson; 3rd, Mrs. Hasking.

Fat man's race, open—Won by Blair; 2nd, McBride; 3rd, J. J. Jeffries.

100 yards for grocers clerks—Won by F. Carne, Jr.; 2nd, Will Blake; 3rd, F. Fox.

Egg race for ladies—Won by Mrs. A. Laxton; 2nd, Mrs. Hobb; 3rd, Mrs. A. Lockley.

Saturday next, the closing day of the meeting, promises to be the most notable day of the most successful racing season this part of the continent has ever witnessed. The management has spared no pains or expense to make the card not only the best of the season, but one that will be long remembered after the meeting has closed. A rare treat awaits racegoers on this day, for there will be seven races, four of which will be handicaps. One of the latter will be the "Darkest Town" Derby, so named from the fact that in this race the professional jockeys will be relegated to the rear, and all of the starters will be ridden by colored stable hands and exercise boys. In order to qualify to ride in this race, the applicant must be a descendant of the ancient Ethiopians, and the darker the shade of the boy the more readily will his application be accepted. The riders will be in charge of Monroe Johnson, who is eligible to ride in the Derby, and according to latest reports, he is hitting the road around Caddo Bay in an effort to get down to 135 pounds, which will be the minimum weight in the race. Johnson had already rounded up ten ebony-hued jockeys, and with all this talent in the saddle, the race ought to prove one of the most amusing events of the season.

The Country Club has announced that owing to the fact that next Saturday is the closing day of the season, the daily complimentary tickets will not be honored at the gate on that day. The season badges, however, will be honored. There were no coupons printed on the badges for the sixty-first day, which is Saturday, so the holder will have to turn in the badge itself at the gate.

Mr. Charles V. Henderson, who acts as paddock judge at the Santa Anita meeting, arrived yesterday from the South, accompanied by his son. Mr. Henderson, who acted as paddock judge at the recent Salt Lake meeting, was surprised at the attendance and the enthusiasm displayed by racegoers here. He will be on hand for the Vancouver meeting.

Today is Friday, and the thirteenth of the month, and on this account there will be no end of hunches and predictions on the day's results. The superstitious ones please make a note of this.

A New York despatch says wireless reports were picked up by the United Wireless today at their station on Manhattan beach tonight, telling of the plight of the steamship Arapahoe, near the Diamond Shoals Lightship. The message said that she was anchored in twenty-five fathoms of water and that she would be saved to Charleston. The Clyde line instructed one of its southbound vessels, the Iroquois, to stand by her.

Wireless reports say that the steamer Huron, of the Clyde line, arrived to aid the Arapahoe tonight. The Huron is standing by and possibly will take the Arapahoe in tow.

THE COLONIST FORM CHART

VICTORIA, B.C. Thursday, Aug. 12, 1909.—59th day. Weather clear. Track fast. F. St. D. Skinner, Presiding Judge. Richard Dwyer, Starter.

4990 FIRST RACE—Four and a half furlongs. Purse, Four-year-olds and upwards. Value to first, \$150.

Ind. Horse	Wt.	St.	¼	½	¾	Str.	Fin.	Jockey
(4984) Kildalla	107	1	1 4	1 4	1 2	Vosper
4989 Liddington	107	2	4 7	4 12	2 3	Keogh
4934 Anna Karenina	107	3	2n	2 2 1/2	3 5	McEwen
3897 Gazolo	104	2	3 1 1/2	4 6	4 5	Callahan
Stormy Petrel	107	5	5	5	5	Gaugle

At post 2 1/2 minutes. Off at 2:33. Time—24 3-5; 49 4-5; 56 1-5.

Winner b. m. Storm King—Tabby. Trained by G. Wentworth.

Scratched—Row.

Start good. Won easily. Second driving. Third easily.

Kildalla had the foot and always held her field safe. Liddington gamest of the balance. Anna Karenina ran her race. Petrel not track wise.

4991 SECOND RACE—Four and a half furlongs. Purse, Two-year-old colts and geldings. Value to first, \$150.

Ind. Horse	Wt.	St.	¼	½	¾	Str.	Fin.	Jockey
4947 Quality Street	105	3	1 1/2	1 1/2	1 2 1/2	Keogh
4964 Tom O'Malley	105	2	2 1/2	2 2 1/2	3 1 1/2	Gaugle
(4972) Alder Gulch	105	6	4 2	4 2 1/2	3 1 1/2	Matthews
4947 Fire	110	1	3 1	3n	4 1	D. Riley
4925 Chester	108	4	6 5	6 5	5 4	Brooks
4171 J. H. Barr	108	4	5 1/2	6 1	6 1/2	Archibald
4907 Swift McNeil	108	7	7	7	7	Vosper

At post 1 minute. Off at 2:57. Time—24 3-5; 49 1-5; 55 3-5.

Winner ch. g. Cunard—Miss Ringlets. Trained by P. Wagner.

Scratched—Orsford, Zinkland.

Start poor. Second and third same.

Easy for Quality Street. He had only to gallop. Tom O'Malley ran a good, game race. Alder Gulch would have been second with a better rider up. Fire was trying to run into the fence all first quarter. He bothered Krum somewhat at the stand.

4992 THIRD RACE—One mile. Selling. Three-year-olds and upwards. Value to first, \$150.

Ind. Horse	Wt.	St.	¼	½	¾	Str.	Fin.	Jockey	
(4977) Sir Wesley	109	2	4 5	2 1½	1h	1 2	Archibald
4976 Margaret Randolph	107	5	1h	1 1½	1 1½	2 2½	2 2½	2 2½	Gaugle
4989 Be Brief	100	3	2 5	2 5	3 6	3 6	3 6	3 6	Coburn
4984 Toller	105	6	4 5	4 5	4 3	4 1½	Callahan
4911 Jacomo	114	4	5 1h	6h	5½	5 4	5 8	5 8	Vosper
4981 Santee	114	4	4 6	5 1½	6	6	Brooks

At post 3 minutes. Off at 3:23. Time—25; 50 1-5; 1:17; 1:44 1-5.

Winner br. g. Giganteum—Poncho. Trained by C. W. Chappell.

Start good. Won easily. Second and third same.

Sir Wesley ran over Randolph in the sixteenth. Randolph ran her race. She tried to run out on backstretch. Be Brief ran to form. Santee very lame. Jacomo cut off first time around, then sulked and ran out.

4993 FOURTH RACE—Six and a half furlongs. Purse, Three-year-olds and upward. Value to first, \$150.

Ind.	Horse—	Wt.	St.	¼	½	¾	Str.	Fin.	Jockey.
4910	Listowel	102	5	..	1 3/4	1 1 1/2	1 2 1/4	1 1	Callahan
4891	Mechant	109	2	..	4 2	3n	3 1 1/2	2 1 1/2	Leeds
4975	Eliz. Harwood	100	4	..	3 3	2 2	2 3	3 4	Quay
4988	Sink Spring	110	1	..	5 5	5 6	5 6	4 2	Brooks
4983	Rossare	101	3	..	2n	7	3 4	1 1/2	Vosper
4985	Lady Quail	102	5	..	5	6	6	6	Kain

At post 1 1/2 minutes. Off at 3:47. Time—25 1-5; 49 2-5; 1:14 2-5; 1:21 3-5.

Winner br. g. Orsini—Helen Smith. Trained by D. Stone.

Scratched—Marwood.

Start good. Won easily. Second and third same.

Listowel went right at the start, and was out in clever style. Mechant cut off by Rossare first time around, lost ground, but closed very strong. Elizabeth Harwood showed good speed, but hung at the end. Rossare dogged it badly, after showing early speed.

4994 FIFTH RACE—Six furlongs. Selling. Four-year-olds and upward. Value to first, \$150.

Value to first, \$100								
Ind. Horse—	Wt.	St.	¼	½	¾	Str.	Fin	Jockey.
988 May Pink	102	2	..	3 2	2 3/4	1n	1 2	Coburn
906 Cheers	107	4	..	4 2 1/2	3 1/2	3 2	2n	Archibald
(4985) Herives	97	6	..	1 1/2	1 1/2	2 1 1/2	3 1/2	Kederis

At post 5 minutes. Off at 4:17. Time—25 1-5; 49 2-5; 1:15 2-5; 1:25 1-5.

Winner ch. h. Ranale—May Pinkerton. Trained by A. W. Ream.

Start good. Won easily. Second and third driving.

May Pink stood in close attendance on Herives, ran over a sixteenth out and gamely stood off Cheers at the end. The latter closed stoutly. Herives hung at the end. Vosper rode a poor race on Racine. He lost at all of the turns. Best ran an improved race. Keogh afraid of his field, and was pulling up most of the time.

4995 SIXTH RACE—One mile. Selling. Three-year-olds and upward. Value to first, \$150.

best of them improved. Heigh afraid of his field, and was pulling up most of the time.

1995 **SIXTH RACE**—One mlie, Selling. Three-year-olds and upward. Value to first, \$150.

At post 1 1/2 minutes. Off at 4:42. Time—25 2-5; 50 2-5; 1:16 3-5; 1:44.

Winner b. h. David Tenny—Zypha. Trained by V. Gilbert.

Start good. Won driving. Second easily. Third driving.

Mike Hennessy under a powerful ride, just got up in the last few strides. Lady's Beauty had the foot and cut through at the end. Toller ran his race. So did Christine A. Toller stopped badly. Liddington never in it.

First Summer Sale

HIGH-GRADE FOOTWEAR NOT NECESSARILY EXPENSIVE

SALMON PACK NOT LARGE

Canners Disappointed in Prospects for the Present Canning Season

PACK MUCH LOWER THAN WAS EXPECTED

Bellingham Cannery Giving Away Fish to All Who Call for Them

Although the run in the Straits was a very heavy one, and there is a glut of salmon at the Puget Sound canneries as a whole, the sockeye salmon pack of British Columbia is declared by the canners to have fallen far short of the expectations for this season. Fishing in northern waters has been ended, and with the return of the Steamer Vado, of the Boscovitz Steamship Company, which docked at Porter's wharf yesterday, after landing a full complement of fishermen brought from the north to Vancouver, the particulars of the northern pack are available. The pack in the north was short, and the canners are not so sure that the pack on the Fraser river will equal expectations. According to a statement given out today by a large packer of sockeye salmon, the pack at various fishing points in British Columbia now stands about as follows: The Skeena river pack was not half as large as that for which preparations were made, for the canners had on hand sufficient material to put up 157,000 cases of fish, but they secured only 65,000 cases. The pack at Riversdale was only two-thirds of that prepared for, the total number of cases packed being 85,000. On the Naas, canners came nearer realizing their expectations than was the case at any other canning centre. With preparations made for 33,000 cases of fish, they secured 30,000.

The total pack on the Fraser river to date is 160,000 cases, while on Puget Sound the pack to date totals 460,000 cases. On the Fraser river preparations were made for the packing of 800,000 cases of fish, while on the Sound the canners prepared to put up 1,400,000 cases. Today a canner offered to wager that not 500,000 cases would be packed on the Fraser and not 700,000 on Puget Sound.

A Bellingham despatch says: So heavy has the salmon run become that no attempt will be made by the canners to pack the humpback that are now being received, and in order to dispose of this species, the management of the Pacific American Fisheries Company has announced that, beginning tomorrow morning, humpbacks will be given to every man, woman, or child calling for them, and in numbers ranging from one to one thousand.

Scow loads of these fish will be towed to the Pacific American dock, and a man placed in charge to pass them out. Yesterday the company made the biggest pack in the history of the plant, a total of 100,000 cases of sockeye salmon being taken from the Alsea trap. The big trap catch of 1901 that so much has been said of, was 90,000. Few traps are being fished today, as the close in traps are furnishing all that can be handled by the plants. It is expected by the canners that the rush will continue for at least ten days more. The Carlisle Packing Company today sold a heavy consignment of fish to a Prince Rupert company.

A Vancouver despatch says: A committee of union fishermen, of Steveston, last Saturday and Sunday visited the Puget Sound sockeye traps during the hours supposed to be in the weekly closed season under the international arrangement, and found the traps running full and the thousands of sockeye eyes being caught. An official complaint to the Government will be made.

WATERFRONT PIRATES LOOTED PILOT LAUNCH

Stole Compass, Oil Stove, Lines and Everything That Was Nailed Down

Everything moveable, except the smokestack, deck and hull was located from the gasoline launch Colby of the Victoria pilots by harbor pirates yesterday morning at an early hour. It occurred sometime between midnight last night and daybreak this morning.

The pilots' boatman, Alan Borough, is on a holiday, having gone to Seattle to see the A.-Y.-P. Exposition, and the Colby, after returning to her moorings with the pilots from their district, was tied up unintended. Between the time the pilots left the Colby after returning from the pilotage limits when the Titan went to sea yesterday and this morning when Captain Cox went on board the waterfront pirates were very busy.

The compass, binoculars belonging to Captain Newby, Captain Cox's overcoat, a new oil stove placed in the Colby a week ago, the lines—in fact everything that was moveable was stolen. The line by which the vessel was moored was cut, only a scant piece being left to fasten the vessel to Warren's wharf.

The pilots have notified the provincial police of the loss of their effects, but no trace of the waterfront thieves has yet been found.

VICTORIA HOLDS THE THIRD PLACE

Only Montreal and St. Johns Lead in Point of Tonnage Registered

Victoria stands third among the ports of Canada with regard to the tonnage of shipping registered here, with Montreal and Quebec leading,

CHINA AGAIN DECLARES BOYCOTT

Silent Onslaught on Japanese Trade Is Reply to Actions in Manchuria

China has again declared war on Japan, according to advices received by local Chinese; not a war in which fighting men will be called upon, but a bloodless silent onslaught on the commerce of the Japanese similar to that which followed the Tatsu Maru affair. This is China's protest to the recent action of the Japanese government in beginning work on the Antung-Mukden railroad despite China's protests. As was the case when Japan took back the seized steamer Tatsu Maru taken when carrying contraband munitions of war for Chinese rebels, the Chinese officials had to submit to Japan's "mild fist," but the Chinese people showed their resentment with a boycott, which recently ended after proving most expensive to Japanese shipping and commerce.

The Lost Tug Grapling Showing Turtle Deck Arrangement.

The second by about 5000 tons. Vancouver has the largest number of steamers, but they are evidently small craft. Victoria's 110 sailing and 156 steam craft have a total tonnage of 46,479 tons, while Vancouver's 113 sailers and 375 steamers have a total tonnage of 29,409 tons.

The total number of vessels of all kinds on the Canadian register at Dec. 31, 1908, was 7,602, with a gross tonnage of 702,324 tons, an increase of 74 vessels and 3,635 tons over 1907. The number of steam vessels on the register is 3,084, with a gross tonnage of 483,031 tons, which at an assumed average value of \$30 a ton, represents a total value of \$1,449,090. The number of new vessels built and registered during 1908 was 304, with a register tonnage of 28,983 tons, which at an average value of \$45 a ton shows a total value of \$1,304,235 for new vessels. This shows a slight falling off as compared with 1907, as shipbuilding in Canada in 1908, as in other countries, was not so active as in the previous year. During 1908, 281 vessels were removed from the register. Of these, 12 were sold to foreigners, 29 wrecked, 12 stranded, 17 lost, 125 broken up, 7 abandoned, 2 wrecked in collision, 2 missing, 6 foundered, 17 burnt, 4 condemned, 15 transferred to Newfoundland, 12 transferred to Barbadoes, and 21 were reported out of existence. During the same period, the names of 20 vessels were changed by orders in council. The number of vessels and their tonnage, according to provinces, is as follows:

Province	Sailing	Steam	Gross Tonnage	Net Tonnage
Ontario	1,144	184	184,171	127,975
Quebec	432	114	114,711	72,975
Nova Scotia	2,053	236	31,153	16,419
British Columbia	929	612	81,473	87,056
New Brunswick	228	184	51,296	64,472
P. E. Island	154	20	4,492	10,387
Manitoba	87	79	6,149	4,341
Yukon District	3	14	2,213	2,392
Saskatchewan	4	3	281	290
Totals	7,602	3,084	483,031	702,324

Totals, 1907, 7,528 sailing and 3,007 steam, gross tonnage 471,795, net tonnage 698,688. The ports of registry are distributed as follows: Ontario, 38; Nova Scotia, 21; New Brunswick, 7; Quebec, 6; British Columbia, 3; P. E. Island, 1; Manitoba, 1; Saskatchewan, 1; Yukon District, 1; and Alberta, 1. No provision has been made for the registration of vessels. The ports having a net tonnage of 10,000 tons and over are:

Province	Sailing	Steam	Gross Tonnage	Net Tonnage
Montreal	434	253	124,297	81,473
St. John, N. B.	232	101	51,282	31,153
Quebec	432	114	114,711	72,975
Nova Scotia	2,053	236	31,153	16,419
British Columbia	929	612	81,473	87,056
New Brunswick	228	184	51,296	64,472
P. E. Island	154	20	4,492	10,387
Manitoba	87	79	6,149	4,341
Yukon District	3	14	2,213	2,392
Saskatchewan	4	3	281	290

In 1906 there were only 7 vessels on the register of 3,000 gross tons or over, and in 1907 there were 24, while during 1908 the number was increased to 27. The new vessels built during 1908 are as follows, by provinces:

Province	Vessels	Tonnage
Quebec	48	8,595
Nova Scotia	82	29,279
British Columbia	80	6,600
New Brunswick	76	4,778
Prince Edward Island	5	254
Yukon District	2	80
Manitoba	1	9

The names, dimensions, etc., of these vessels were published in our columns monthly, during the year, and lists of the vessels registered during the current year are also appearing monthly, together with the names and tonnage of the vessels removed from the register, and the causes thereof.

If the boycott is renewed with any vigor the Japanese steamship lines plying to this port and Puget Sound, the Nippon Yusen Kaisha and the Nanyo Kaisha, will be seriously affected. The former company has not ended, but was gradually dying out, and still it had a serious hampering effect on the business of the Japanese steamers. The Tokyo Asahi of recent date, received in yesterday's mail, says:

"Japanese traders in operation on the South China market, says the Asahi, are experiencing much trouble owing to the boycott of Japanese goods. Even the N. Y. K. and the Oriental Steamship company are not escaping the blow dealt by the anti-Japanese movement."

"It is estimated that the losses from which Japan is suffering directly are at the rate of several million yen per annum, has had the effect of forcing Japan to concede to China, in the Pratus Island question, China, however, not yet contented with her diplomatic success, has gone to the length of demanding that Japan should withdraw her claim of \$100,000 compensation in connection with the Tatsu Maru affair."

"Mr. Segawa, Japanese consul at Hongkong, who recently returned to Japan to consult with the authorities has, it is reported, tried to persuade Japan to concede to China even in the Tatsu Maru affair."

"In support of his argument, he submits the following table, from which the serious effect of the boycott on trade between Hongkong and Japan are to be seen:

	1906	1907	1908
Cattle fish	1,757,552	1,780,649	987,450
Ambergris	173,611	155,227	140,648
Looking glasses	34,077	31,059	23,176
Lacquer works	40,435	42,306	30,187
Porcelain	96,195	98,054	10,957
Coal	4,787,667	5,439,784	5,532,419
Campor	6,578,827	4,782,353	410,477
Bridals	2,710	31,602	30,098
Cigarettes	327,343	62,411	6,542
Refined sugar	86,477	35,214	7,343
Floor Mat	48,208
Matches	26,757	27,353	4,485
Underwear	4,143,261	2,469,733	2,503,111
Bath-cloth	131,905	268,856	225,821
Cotton-cloth	323,982	355,642	198,031
Cotton-yarn	1,395,302	1,083,494	42,415
Habutee	833,767	1,084,291	955,190
Curries	19,354	21,306	30,513
Refined sugar	153,321

"It is not, however, likely that the Japanese authorities, who have always taken too mild an attitude towards China, will finally accede to the consul's efforts to wean them over especially, as would be the case, at the expense of the prestige and dignity of the Japanese government and the nation."

Unladen Japanese Steamers

"According to a report received from Hongkong, the steamers of the Japanese lines to Australia, San Francisco and Seattle continue to arrive and depart without Chinese freight or passengers. He also thinks that the new line to be opened by the Toyo Kisen Kaisha to South America will meet with the same cold reception. While the boycott indicates a gradual tendency to die out, there is a section of Chinese who seem immovable in their determination to carry it to the bitter end."

"About one-half of the Chinese who hold insurance policies with Japanese companies have resumed the payment of their premiums, but the other half still shows no signs of reconciliation. The Causes of the 'Hang-Fire' As soon as the questions of the ownership of Pratus Island and the payment of the Tatsu Maru indemnity have been disposed of, the writer believes that the basis of the boycott will be removed. As long as they continue to hang fire, however, the recovery of Japan's important trade

Moves to Seattle The big drydock belonging to the Heffernan Engineering company, 385 feet long, and 106 feet wide, was towed

In South China will depend upon the attitude of the Japanese government in the treatment of what the writer apparently considers two significant questions.

DESTROYERS LEAVE ESQUIMALT

Six Fighting Craft Which Have Been Visiting Port Since Monday Go to Seattle

The flotilla of United States torpedo boat destroyers, consisting of the U. S. S. Perry, flagship of the commodore, Lieut. E. B. Larimer, Hull, Whipple, Truxton, Hopkins and Paul Jones, which was leaving slightly on account of damages sustained during her stranding in Peril Straits, left Esquimalt at 10.30 a.m. yesterday on their way to Port Townsend and Seattle. The little flagship reached Esquimalt on Monday night returning from a practice cruise to Alaskan waters. They had an enjoyable visit to this city, the officers and men, who were given shore leave each day of the vessels stay, expressing their delight.

EMPRESS OF INDIA BRINGS NEW CONSUL

China Sends Representative to Vancouver—Teucer Sails for Liverpool

The R. M. S. Empress of India, of the C. P. R., inbound from Hongkong via the usual ports of call, which left Yokohama on August 3, is expected to report by wireless to the west coast stations this morning, and will probably reach port tonight or tomorrow morning from the Orient. The white liner is bringing a good complement of passengers, among them being O. Wang King, the new Chinese consul to Vancouver. He was formerly the vice-consul at San Francisco, and was sent to Vancouver to settle the claims for the damages done during the anti-Japanese riots.

Other passengers expected on the white liner, are schoolboys sent by the Hearst newspapers to race around the globe in a reverse direction.

The steamer Teucer, of the Blue Funnel line, sailed from the outer wharf yesterday for the Orient and Liverpool by way of many ports of call east of Suez with a good cargo, after loading some additional shipments of canned salmon, lumber and general merchandise at the outer wharf. She took 1,300 cases of salmon in addition to the shipments already placed aboard, and 22,000 feet of lumber. On her last call she loaded 3,000 barrels of whale oil and 100,000 feet of lumber. The steamer had 8,000 tons of cargo in her holds and a deck load of lumber. At the outer wharf she embarked 78 Chinese, of whom 56 were from Victoria, returning to Hongkong and Canton.

The R. M. S. Marana, of the Canadian-Australian line, will sail from the outer wharf this afternoon, bound to Honolulu, Suva, Brisbane and Sydney. She will carry a full complement of passengers, including delegates to the Chamber of Commerce congress at Sydney, and returning Australian and New Zealand delegates from the Imperial Press conference.

Moves to Seattle The big drydock belonging to the Heffernan Engineering

ALL IS QUIET AT SPRINGHILL
Strike Has Tied Everything Up, But Company is Not Worrying—Trouble Will Hurt Town

Montreal, August 12.—“All is quiet at Springhill,” was the report received today by H. R. Drummond, president of the Cumberland Railroad and Coal Company.

“The company is going ahead making arrangements for a long fight,” he continued. “Our staff is quite complete and, barring intimidation, which hasn't appeared so far, we will be able

to keep the mines clear of water, so that there is no danger in that regard. However, there is no doubt that the strike has imperilled the whole future of the mine, and with it the future of the town of Springhill, which is dependent upon the coal industry. We have made no plans in regard to shutting down any particular shaft permanently. Questions of that nature will have to be decided as they arise, and they will depend on the length of the strike.”

No Government Action

Ottawa, Aug. 12.—It is not the intention of the Department of Labor to take any further action in regard to the strike at Springhill, N. S. The Department will abide by the established rule that there can be no interference by the minister or his officials after the powers given under the Le-mieux Act have been exhausted, as has been the case in this instance.

Secretary Murray Detained

Vancouver, Aug. 12.—Kendrick B. Murray, secretary of the Chambers of Commerce of the Empire, who was to have come to Victoria on his way to Sydney, has been detained in England on account of illness in his family.

Sutton Did Not Suicide

Annapolis, Aug. 12.—The court of inquiry investigating the death of Lieutenant James N. Sutton, Jr., U. S. M. C., began this morning what was expected to be the final day of the presentation of testimony in the case. Dr. Edward Schafer, of Washington, was called as an expert on gunshot wounds. When the court adjourned yesterday Dr. Schafer had shown on a skull the location and direction of the bullet wound which caused the death of Lieutenant Sutton and had declared that under the conditions established by the testimony it would have been impossible for Sutton to fire the shot that killed him.

LETTERS TO THE EDITOR

Dr. Helmcken Again.

Sir:—Many thanks for your editorial headed "Beacon Hill Park" in your yesterday's issue (Aug. 11th), which suggests that the City Council should give some weight to my letter addressed to them the previous day.

My object has simply been, and is, to rouse the attention of the public to the assaults made by individuals on the public park and to ask the public to act helpfully in the matter to assert their rights.

Yesterday I visited the park and found that the bowling green and house had been fenced in. On two sides were wire fences about five or six feet in height. On the third side, by a natural impenetrable bush, on the fourth side by a plank fence and their club house. Their caretaker asked me to come in and play a game, (there were half a dozen bowlers present). I answered "You have fenced me out."

The ostensible plea given for these obstructions being to prevent the bowlers being disturbed and injured by cricket balls, which fly into and over their fence and also to prevent the cricketers running over their green to chase or catch the cricket balls.

The bowling green is, undoubtedly, on what is called the cricket field, and has been placed there in spite of, and in defiance of the Parks Board resolution "that the permission granted to Messrs. Oliphant, McGregor, et al, to create a bowling green shall not interfere with the use of the park used by the Albion Cricket Club, known as the Albion Cricket Club grounds."

The cricket field has been rendered too small and so, totally useless for cricket, the cricketers having been supplied by the Beacon Hill Park Bowling Green Co. some of the members of this Parks Board being likewise influential members of the Beacon Hill Park Bowling Green.

I understand that the Albion Cricket Club has amalgamated with the bowling green company and surrendered whatever rights or privileges they may have believed they possess. I do not know, but if they have done so, the step will be very dangerous to the welfare of the public and the park and the Bowling Green Company will have extended their boundary by so much.

When will the public open their eyes to the danger and act helpfully? The enemy is at their gates. I am too aged to be a leader.

J. S. HELMCKEN.
P.S.—At pleasure of the Parks Board or Council means virtually for ever!

with the Pacific Coast Steamship company for the equipment of the steamers Queen, City of Puebla, Cottage City, and City of Seattle. General Manager Higbee, of the steamship line, ordered the apparatus after having tested the system for several months on the steamers Governor, President, Senator and Umatilla.

The steam schooner Falcon, of the Charles Nelson company, has just been equipped with United Wireless instruments, and is now on its first trip made the installation, from San Francisco, with the apparatus in working order.

With the equipment of these vessels, the United system has now its instruments aboard sixty steamers plying the Pacific. With its land stations it handles business of the Japanese liners from the Orient.

NEW TARIFF AND SHIPBUILDING TRADE

Materials for Construction of Steamers for Foreign Owners Come in Free

Section 19 of the new tariff bill extends from two months to six months the period in which American vessels, built of imported materials free of duty, may engage in the coastwise trade. It reads:

Sec. 19. That all materials of foreign production which may be necessary for the construction of vessels built in the United States for foreign account and ownership, or for the purpose of being employed in the foreign trade, including the trade between the Atlantic and Pacific ports of the United States, and all such materials necessary for the building of their machinery, and all articles necessary for

their outfit and equipment, may be imported in bond under such regulations as the Secretary of the Treasury may prescribe; and upon proof that such materials have been used for such purposes no duties shall be paid thereon. But vessels receiving the benefit of this section shall not be allowed to engage in the coastwise trade of the United States more than six months in any one year except upon the payment of which a rebate is herein allowed: Provided, that vessels built in the United States for foreign account and ownership shall not be allowed to engage in the coastwise trade of the United States.

FOUND CUSTOMS IN TWO PLACES

Purchaser of Teaset on Oriental Liner at Outer Wharf Found it Expensive

When a steamer landed from the Orient at the outer wharf a day or two ago, the vessel was boarded by a young man who sought to purchase a tea set, "one of those little affairs that are sold in Japan," which he intended to present to a certain young lady whom he was going to visit. After some dickering he finally purchased a tea set, and went away delighted with his bargain, which was boxed in a little wooden case.

Soon after the purchaser of the tea set left the Oriental liner he pumped into Landing Walter Onions, of the customs staff, on the outer wharf. The customs men was not in uniform, and the stranger didn't know him.

"What have you there?" asked the customs man.

"Nothing," promptly replied the stranger.

The customs man was from Missouri. He wanted to see, and the box was opened and the tea set exposed to view. The customs man assessed thirty per cent. of the value, and the stranger paid reluctantly. Then he hurried away to the other wharf.

He had not told the customs man that he intended to board another steamer, and a few minutes after paying duty to the Canadian customs he embarked on a San Francisco-bound steamer to be halted again, this time by a United States customs man as he went on board.

"What have you there?" asked the customs man.

The purchaser of the tea set took one long disgusted look, and the next minute a tea set was thrown over the steamer's side.

Veterans March in Heat

SALT LAKE CITY, Aug. 12.—Mid-summer heat thinned the ranks of the veterans at the 43rd encampment of the G. A. R. and wrought great suffering among the hundreds of children who participated in the formation of the living flag. There were happily no fatalities. The veterans marched four abreast, arousing great enthusiasm among the 100,000 spectators. Arkansas had only four veterans in line, while Illinois had the largest representation. At the rear came a little band whose banners recalled the darkest days of the Civil War. On these white banners were inscribed the words: "Libby," "Andersonville," "Macon," "Tyler," "Belle Isle," and the names of other Confederate prisons. The division consisted of former prisoners of war.
